

QUICK STRIKE ACTION URGED

READY FOR EXPECTED RED RAID ON JAIL

I. W. W. Reported Gathered For Attack to Release Olympia Prisoners

LABOR UNION'S PAPER EDITOR IS ARRESTED

Governor Hart Asks All Officers to Join In State-wide Move

SEATTLE, Nov. 14.—That six prominent Seattle citizens have been marked for assassination and at least six buildings named for dynamiting by the I. W. W. was the statement made today by Chief of Police Warren. He said that he had been named as one of the men to be killed but he refused to disclose further details. Twenty-five extra policemen were added to the force today. The Union Record, labor organ, was closed again at one o'clock this afternoon by the government authorities.

SEATTLE, Nov. 14.—The campaign to rid the state of Washington of I. W. W. and other radicals was under full swing today. Bloodshed will result if the I. W. W. gather in any great numbers and offer resistance.

That there are large numbers of radicals in the state, particularly in the lumber camps and about Spokane has been established for some time.

From Tacoma today came the report that I. W. W. were gathering at Bordeaux, Wash., preparatory to an attack on the jail at Olympia, the state capital. Three alleged I. W. W. were in jail.

Whether the I. W. W. are gathering as reported, the rumor served to show the temper of the people. Every man in Olympia who could obtain a gun went to the jail, said dispatches, prepared to resist any attempt to free the jail. The prisoners meanwhile were hurried to the state reformatory at Monroe.

Nation's Battleground
Washington considers itself the battle ground of the nation when "reds" are concerned. Hundreds of alleged "reds" have been arrested in a dozen cities. One of the most pretentious raids was conducted at Spokane yesterday. Spokane has long been headquarters for the I. W. W.

The Union Record, official organ of the labor unions here, which was seized last yesterday by the United States marshal, was allowed to resume publication today.

United States District Attorney Saunders charged the publishers with condoning the murderers who killed four members of the American Legion at Centralia Tuesday. The men were released on \$5,000 bail each. E. B. Ault, the editor, was then re-arrested charged with criminal libel. The complaint alleges he defamed the four men slain at Centralia. He was released on \$1,000 bail on this charge.

The Union Record played a prominent part in the recent general strike here, the first strike of its kind in the country.

Governor Hart has entered the fight with a communication to prosecuting attorneys, sheriffs and police officers, asking them to "renew our allegiance to the constitution and the law and go forward with a determination to speedily and lawfully rid the state of those enemies of society and enemies of constitutional government."

Every Agency To Help.
He pledged "every agency and all the power and resources of the state" to aid the local authorities in the cleanup.

"Too long have we sat passively by while an indifferent public has allowed a treasonable and criminal element to grow and increase in this state," he said. "I admonish and request all to whom this is addressed

(Continued on page two.)

Bloodshed Feared In Washington Fight To Rid State of Radicals

Titled Woman Aids Britons To Get Much Trade Abroad

LADY HAMAR GREENWOOD
Helps Husband In Getting Permission to Ride on English Warships

LONDON, Nov. 14.—If British business men grab off some fat contracts in foreign countries because of their ability to get there first, they can give much of the credit to Lady Hamar Greenwood. She has just concluded a campaign with her husband to give British business men the right to travel on British warships.

Just now there is a big shortage of passenger space aboard boats between Great Britain and other countries and passage has to be booked months ahead. Business interests cannot do this, for trips have to be made in a hurry. Much was being lost by failure to get representatives in foreign countries to make bids for business or close sales, and when the question was put up to Lord Greenwood he at once sought the aid of his wife, who is greatly interested in politics. Through their work permission has been granted for traveling on warships with the consent of the first sea lord.

SNOBS EVERYWHERE, CRIES LADY ASTOR

PLYMOUTH, England, Nov. 14.—"Snobishness is not confined to dukes," Lady Nancy Astor told her audience here last night. The unionist candidate for her husband's former seat in the house of commons answered the laborite charges that she represents the "upper classes" by declaring:

"I know a lot of people who live in two rooms whom I consider more my class than some of those living in forty."

"Have you ever noticed that snobishness is not confined to dukes?" Then, answering her own question, she shouted: "No! You'll find it everywhere."

On the eve of the elections the viscountess redoubled her efforts today. She was scheduled for an almost continuous speaking session today and tonight.

Both the opposition candidates—W. T. Gay, laborite and Isaac Foot, liberal—were hammering away in a class appeal against the viscountess, who is England's first woman candidate for a seat in the house, as the campaign drew to a close. But Lady Nancy continued her way unperturbed.

When a persistent woman heckler caused a disturbance last night the crowd for a time showed an ugly temper. As cries of "put her out" came from all sides, but Lady Astor quieted the clamor. "I'm used to her," she declared. "She comes every night."

HARRELD HOLDS LEAD
OKLAHOMA CITY, Okla., Nov. 14.—Final official returns from last Saturday's congressional election in the Fifth district today gave Judge J. W. Harreld, Republican, a lead of 708 over Claude Weaver, Democrat.

EXTERMINATE RADICALS URGES GOVERNOR

PHOENIX, Ariz., Nov. 14.—"Extermination" of the I. W. W. and of Bolshevism was advocated today by Governor Thos. E. Campbell of Arizona in a letter to Adjutant R. P. Lush of Mesa, Arizona, Post of the American Legion.

Governor Campbell pledges his unlimited support to such a campaign "regardless of where that limit lawfully leads."

The letter was in response to one from the Mesa Post to the American Legion condemning the Centralia murders and calling for extermination of the I. W. W.

"Words are feeble in an endeavor to express my commendation of the action taken by Mesa Post of the American

Legion in passing resolutions calling for an eradication campaign against the I. W. W. and similar radical organizations, the aims of which, reduced to a minimum, are the destruction of society and organized government," Governor Campbell wrote.

"The dastardly, cold blooded murder of the members of the American Legion at Centralia, Armistice Day, unmistakably points out the menace that the nation is facing from this source and should arouse every loyal man and woman to the necessity of taking steps to exterminate this scourge which threatens to cast its blight over our country."

The letter concludes:

"The war against I. W. W. ism, Bolshevism and all other isms which seek to undermine constituted authority, must proceed with more vigor and determination than has been shown."

"This is a war which has just begun and must be continuously and relentlessly prosecuted until every such enemy is driven from our midst. I can only speak for myself, but to that extent, as constituting part of the government of Arizona, you can count upon my co-operation to the limit, regardless of where that limit lawfully leads, in the worthy crusade upon which you have, with patriotic zeal and worthy citizenship, embarked."

BIG GAINS BY BOLSHIEVSKI REPORTED

Advance 50 Miles on a Wide Front Capturing Many Russ Prisoners

LONDON, Nov. 14.—Russian bolshevik armies have had a week of almost continuous successes, the British war office statement indicated today.

Since Monday, the statement said, the reds forces have advanced over a front of 200 miles in the east, an average depth of fifty miles. Admiral Kolchak's forces are reported to have lost large numbers of prisoners.

On the western and southern fronts Bolsheviki forces have continued their drives vigorously, over fronts of approximately two hundred miles in each district. The soviet armies have pierced the anti-Bolshevik lines in some places, pushing ahead an average of forty miles.

In the south a Red cavalry detachment penetrated General Denikin's lines south of Kromy, capturing Poturi and Patezh. The white army counter-attacked and succeeded in closing the gap. The Red forces were reported to have been surrounded.

MUCH LIQUOR READY IF JUDGE LIFTS LID

CHICAGO, Nov. 14.—Twenty million gallons of liquor are available for Chicago's celebration tomorrow, if Judge George A. Carpenter holds water prohibition invalid. The dust-covered glasses and the mahogany were polished in anticipation of the celebration.

Hundreds of reservations have been made at the cafes.

NAB 3 ALLEGED I.W.W. IN DES MOINES RAID

DES MOINES, Ia., Nov. 14.—Three alleged I. W. W. were taken into custody today by Des Moines police in a roundup of radicals ordered following the uncovering of a plot to kill Mayor Tom Fairweather. The accused are Walter Eggelston, of Texas; Oral Johnson of Chicago and Leo Warner, Des Moines. Johnson made an unsuccessful attempt to escape as he was being booked at the police station. More arrests may be expected, the police announce.

POLICE HALT RIOTING
WILMINGTON, Del., Nov. 14.—Police patrols took precautions today to prevent renewal of last night's rioting between whites and negroes in which one negro was shot and several negro homes partly wrecked.

Huge Food Stores Are Discovered In Los Angeles Probe

LOS ANGELES, Nov. 14.—Startlingly large stores of foodstuffs have been revealed in Los Angeles by the investigation of food storage by City Prosecutor E. W. Widney and City Market Superintendent Jas. Britt, it was revealed today when the full report of the investigators was made public.

Outstanding points are: There are enough apples in storage here to give a full box to every man, woman and child in the city.

There are 64,307 crates of eggs in storage here against 39,298 a year ago.

Butter in storage totals 215,939 pounds against 171,379 a year ago.

Cheese in storage is 1,344,036 pounds, or double the amount a year ago.

Fifty-six thousand sacks of onions are stored here. A year ago there were 9,980.

The investigators found the cold storage warehouses "loaded to their utmost capacity," their report says.

MAYOR SNYDER SEEKS HELP IN FOOD PROBE

LOS ANGELES, Nov. 14.—Mayor Snyder today issued an appeal to the mayors of all leading California cities asking them to co-operate with Los Angeles in a campaign against high food prices.

He asked that they investigate the quantity of food in storage in their cities and also study the milk situation. When all data has been gathered the mayor hopes that the cities can pool their evidence and get concerted action against alleged profiteering.

SENATE ADJOURNS IN RESPECT TO MARTIN

WASHINGTON, Nov. 14.—The senate stood adjourned today out of respect to the late Senator Martin, Virginia, whose funeral will be held at his home in Charlottesville this afternoon. Many senators left to attend the funeral.

Meantime, both sides declared a 24-hour truce in the peace treaty fight.

WILL CREATE CARDINALS.
ROME, Nov. 14.—The Giornale D'Italia announced today that a consistory will be held December 15-18 at which three cardinals will be created.

SHORTENS HIS NAME
LOS ANGELES, Nov. 14.—Michael Malouviopoulous was determined to marry. But she wouldn't stand for the name. That's why the court let him change it to Jim Lee.

Governor-Elect of Kentucky Is Nations League Foe

EDWARD P. MORROW
Arguments In Washington Over Peace Treaty Used In Campaign

FRANKFORT, Ky., Nov. 14.—Edward P. Morrow is the new governor-elect of Kentucky, having been elected this month, after a stirring campaign. He is an enemy of the League of Nations, which figured largely in the hot fight that lasted several weeks before the election was held.

Morrow is a Republican and his stand against the League of Nations was very decided. In fact that was the platform on which he ran. His opponent was Governor James D. Black, Democrat, who stood for the Wilson principles, and made a hard fight.

During the campaign much use was made of arguments that took place in Washington over the treaty and league.

HELFFERICH SEEKS GERMAN PRESIDENCY

BERLIN, Nov. 14.—Dr. Karl Helfferich, former imperial vice-chancellor, is ambitious to become a candidate for president of the German republic upon a Pan-Germanist platform, it was learned today.

German political observers declared Helfferich's testimony before the committee investigating the war was the beginning of his campaign. His attack upon President Wilson, they charged as "solely for home consumption."

The whole dreary proceedings of the war probers have degenerated into party political campaigning, many Germans complained today. The people have become bitterly tired of what they consider the useless procedure of "crying over spilled milk." The war probe is getting nowhere, they say.

JANITORS IN CHICAGO MAY STRIKE TONIGHT

CHICAGO, Nov. 14.—Janitors in Chicago apartment house buildings will strike tonight unless their demands for increased wages are met. William F. Queese, president of the janitors' union declared today. The janitors demanded an increase of \$1.50 per month for each flat and no basement living quarters. The coldest weather of the season was recorded today.

COMMITTEE TO PROBE MILK PRICE INCREASE

LOS ANGELES, Nov. 14.—Whether there is a state-wide or coast-wide agreement, verbal or otherwise, on the part of milk dealers to increase milk prices, is to be one of the first matters investigated by the committee named by Mayor M. P. Snyder of Los Angeles to investigate milk prices.

ALL FIELDS ASKED TO ARRANGE WAGES

Secretary Wilson Suggests Big Committee Meet and Fix Terms

THREE WAYS OPEN FOR REACHING AGREEMENT

Speedy Settlement of Coal Walkout Necessary, Men At Meeting Told

WASHINGTON, Nov. 14.—A joint committee to negotiate prompt settlement of the coal controversy was urged by Secretary of Labor Wilson today at the opening meeting of the miners' and operators' conference.

Wilson suggested that such a committee should be composed of miners' and operators' representatives from all of the coal fields.

"We are confronted with the fact that the great mass of people are dependent upon fuel supplies from all of the fields. Prompt action is necessary," said Wilson. It is for that reason that I have asked all of you to be here.

"It is for that reason that I have asked all of you to be here."

"There are three ways by which a mutual agreement can be reached."

"First by the selection of a wage scale committee composed of operators and miners from each of the fields. They would proceed to agree on basic rates in their respective districts to be worked out by the district."

"Second, by each district going into a concurrent conference to consider a wage agreement for each district."

"Third, by following the old procedure of having the central competitive field work out an adjustment and have this taken as a basis by which the other fields could proceed."

"The second suggestion is likely to cause confusion, and the third while it might hold the trouble in the central competitive field, it is unlikely that it would tend to prompt solution of all because the present unrest would continue until the outlying fields had reached an agreement."

"Therefore I recommend that a wage scale committee composed of representatives of miners and operators from all fields proceed to negotiate an agreement and I want to say that it seems to me that we want prompt action on the part of the conference."

More than 100 miners and about 50 operators attended the meeting. Acting President Lewis of the United Mine Workers was applauded by the miners. He took a seat in the front row.

Illinois Coal Miners Are Still Out Despite Orders

ST. LOUIS, Mo., Nov. 14.—Southwestern Illinois coal miners today continued their strike in face of the order of John L. Lewis, acting president of the United Mine Workers of America, withdrawing the strike call.

Operators' and miners' officials agreed not a mine in the state was working today and there was little disposition of the men to return.

SPRINGFIELD, Ill., Nov. 14.—Every mine in Illinois remains closed, according to information received at state headquarters here today.

Officials declared all the miners will await the decision of the Washington conference.

Radical Agitators Sought For Work In Coal Field

CELEVLAND, Ohio, Nov. 14.—Agents of the department of justice were in the eastern Ohio coal fields today in search of radical agitators.

WASHINGTON WAR REINHARDT BROS. ON RADICALS IS BEGUN WILL REOPEN TOMORROW

Bloodshed Is Feared If Resistance Shown; Fear Jail Attack

(Continued from Page One)

to stamp out bolshevism, I. W. W.ism and all other seditious doctrines.

Governor Hart addressed a special communication to the prosecutors of Pierce, King and Spokane counties, urging action to suppress seditious publications under the syndicalism bill passed by the last legislature. Replying to demands for a special session of the legislature to pass stringent laws aimed at the I. W. W., Governor Hart said:

"We have laws already on the statute books ample to do these things. The central branch of the American Legion has received scores of telegrams from other legion branches all over the country expressing sympathy and indignation over the massacre of its members.

The attitude of the military authorities of the coast was expressed by Lieut. Gen. Hunter Liggett, commander of the western department, U. S. A., who was asked what action he intended to take regarding "reds."

"We will just leave it to the American Legion," he said. "They can take care of the situation."

Disobeys Halt Order, Shot By Legion Guard at Jail

CHEHALIS, Wash., Nov. 14.—S. A. Godfrey, a mill hand, who refused to obey an order to halt as he approached the county jail here today, was shot and wounded by one of the American Legion volunteers on guard at the jail.

Following reports that a gang of I. W. W.'s had planned to come to Chehalis and attempt a jail delivery, the county jail had been under heavy guard since Wednesday night.

Godfrey said he did not understand the command to halt. He said he was not an I. W. W.

Red Snipers at Centralia Put Three Bullets In Auto

CENTRALIA, Wash., Nov. 14.—Snipers who on Tuesday killed four members of the American Legion on armistice day parade, are continuing their deadly work.

A sniper fired on Clyde Paton, of Rochester, early today as he was crossing the Scatter Creek bridge. Three bullets struck his automobile.

The large American flag which flies from a hill near the heart of the city of Chehalis, was ripped by a rifle bullet yesterday, fired at long range. Considered together with the attempt to kill George Paton while he was crossing a bridge early yesterday, these incidents convinced peace officers that the alleged radicals they are seeking are not altogether on the defensive.

Spokane I. W. W. Leaders Reported Gone With Money

SPOKANE, Wash., Nov. 14.—While police here, in a series of raids, are rounding up every I. W. W. in town, their leaders have escaped with the funds of the organization, according to complaints to the police.

James Rowan, out on bail from Chicago, James Robertson, Fred Kennedy, James Rittenhouse, Harry Grady, and Harry Grimm, all alleged leaders of the industrialists, are being hunted by the police.

So far 60 men are held in jail.

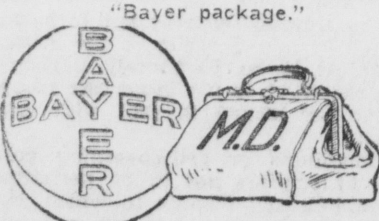

As fast as police detachments dump batches of alleged I. W. W. into the central station they are sorted out, examined by three separate sets of investigators and either jailed or released with a stern warning to stay away from I. W. W. hangouts.

LOS ANGELES, Nov. 14.—With a slogan of "drop the 'ex' from 'ex-service' men," the Los Angeles Post of the American Legion today started organization of an emergency military force to aid constituted authorities in a war against radicalism.

The organization was launched last night at a mass meeting of 100 former service men called by the American Legion. Radicalism was heartily denounced and every resource of the organization was pledged to its suppression.

NAME 'BAYER' MEANS ASPIRIN IS GENUINE

Get relief without fear as told in "Bayer package."

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the true, world-famous Aspirin, prescribed by physicians for over 18 years.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions to safely relieve Colds, Headache, Toothache, Rheumatism, Neuritis, Joint Pains, and Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing Co., Monrovia, California.

PROMPT ENDING OF COAL STRIKE URGED

(Continued from Page One)

reports inciting miners to open rebellion against the government.

Several meetings of miners have been attended by agitators, according to reports to union officials. While the radicals did not address the meetings openly, they circulated among the miners and advocated revolution.

No official order rescinding the strike has been received, it was said.

Oklahoma Miners Refuse to Answer When Whistle Blows

McALLESTER, Okla., Nov. 14.—Miners failed to return to work in answer to the mine whistles blown today in the McAlester district. It is stated that State Coal Commissioner Wilson has been notified by the miners in several sections they would return.

Little hope is felt that miners would start work before Monday.

THREE ALLEGED REDS ARRESTED IN BOSTON

BOSTON, Nov. 14.—With a woman and two men under arrest on charges of promoting anarchy through distribution of inflammatory literature, the police today believed they have broken up a well-organized "red" campaign in Boston.

Mrs. Marion E. Sprout, secretary of the communist party in this state; Israel Rossman, owner of a small periodical store, and Max Andelman, of Roxbury, are the three alleged "reds" under arrest.

N. B.—This same production plays the Mason Opera House, Los Angeles the week of Nov. 24th.

Typical of Mr. Edison

FOR several years the better makes of phonographs have been offered in specially built period cabinets at prices running into thousands of dollars. The Edison Laboratories reproduced and adapted numerous classic cabinets at prices running up to several thousand dollars.

One day Mr. Edison said to his associates:

"If period cabinets are desired by people who are willing to pay several thousand dollars for an Edison Phonograph, why not put all Edison Phonographs into period cases and let everyone have the best there is in cabinet design?"

Mr. Edison's word is law at the Edison Laboratories. Henceforth (with the exception of two models designed for summer cottages) each New Edison—no matter what its price—will be encased in a period cabinet.

This New Edison line of moderately priced Period Cabinet Phonographs will be exhibited to New York furniture lovers at the Hotel Commodore on June 25th. We now have some of these instruments at our store for your inspection. You are cordially invited to come and see them.

The new line of Edison Period Model Phonographs is priced from \$155 to \$6000. Worthy of special mention are a Heppelwhite at \$155, a Sheraton at \$195, a Jacobean at \$250, the Official Laboratory Model in Chippendale or William & Mary at \$285, an English at \$300, and an Eighteenth Century English at \$450.

Dr. Carter's K & B Tea

Makes Fine Laxative Syrup

Make It at Home and Save About \$1.50—Children Love to Take It

Get from any drug store a package of Dr. Carter's K. and B. Tea. Put contents in a bowl. Add a level teaspoonful of sugar. Mix and pour over this 3 teaspoonful of boiling water. Cover and allow to stand for at least 2 hours. Strain and flavor either with Essence of Peppermint or Wintergreen, according to taste.

Dose for adults, 1 tablespoonful each night or night and morning until a regular movement of the bowels is effected. For children, 1 teaspoonful more or less according to age.

For a real tonic and blood purifier, 1 teaspoonful every night or every other night for at least three weeks. Get this recipe out and paste it on the bottle.—Adv.

OBITUARY

Mrs. O. Powers, formerly Mrs. Lucretia Williamson, was born in Hull, England, May 27, 1842. She went with her parents and only brother, at the age of 10 years, to Dane county, Wis. on September 20, 1860. She was united in marriage to Franklin Angel and two children were born to them, Elizabeth and Charles. Her husband enlisted in the Civil War, where he met his death.

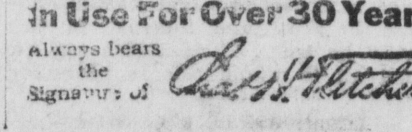

On December 20, 1868, she was again united in marriage to Orlando Powers. Later moving to Iowa, where they lived a pioneer life. Four children were born to them, Edwin, Albert, Alice and Anna. After thirty years' residence in Iowa they moved to Santa Ana, where they have since resided. She is survived by her husband and five children. Mrs. Henry Cramer of Belgrade, Mont.; Chas. Angel of Santa Ana, Cal.; Edwin Powers of Sioux Falls, S. Dak.; Mrs. J. C. Miller of Belgrade, Mont., and Mrs. Anna Thompson of Anaheim, Cal.

She was brought up in the Episcopal church, but in later life was united with the Presbyterian church. She was a regular attendant until the time of her helpless condition, caused by rheumatism, from which she had suffered for many years, having been confined to her bed almost entirely the past year. Loved by all who knew her, her sunny way and disposition, Angel of Death mercifully relieved her.

REINHAUS BROTHERS

ANNOUNCE

THE RE-OPENING OF THEIR STORE TOMORROW—SATURDAY

The store has been thoroughly remodeled and newly decorated. New fixtures have been added. The store will be unusually light, cheerful and attractive. A large stock of

New Dry Goods and New Shoes

will be offered. Popular price selling methods will be continued as in past years. Some special offerings for the opening day. You are cordially invited to attend the re-opening of this big store Tomorrow, Saturday.

Remember—Not One Dollar's Worth of Old Goods in the Store

SOUTHERN CALIFORNIA

BAKERSFIELD, Nov. 14.—At a meeting of prominent citizens held here plans were formulated for the building in Bakersfield of a memorial auditorium in honor of Kern county's service men. The structure will be erected at a cost of \$500,000, according to the tentative plans submitted at the meeting.

MENTONE, Nov. 14.—One of the famous orange groves of "The Green Spot" near here has been sold for \$85,000. It is the thirty-five-acre navel orange grove of L. L. Lodge and has been sold to C. P. Earley and A.

M. Pratt of the Mutual Orange Distributors and Harold Wolverton. The new owners have taken possession. Last year fruit valued at \$30,000 was taken off the trees. There goes with the grove fifteen additional acres, most of which can be planted to oranges.

POMENOA, Nov. 14.—Followed half way around the world and back by a Christmas gift from his mother, Frederick Vager, son of Mrs. H. E. Scott of this city, today received a fine watch which his mother had started to him about a year ago.

PASADENA, Nov. 14.—That \$1,500,000 will be required to care for the growing needs of the Pasadena school district is the report made to the Board of Education by its building committee, which has just completed a survey of the situation. The board has not recommended a bond issue to

meet the requirements, but states that requests for a bond issue have come from the public. Several new buildings are among the improvements recommended.

PASADENA, Nov. 14.—Charles M. Schwab, head of the Bethlehem Steel Corporation, who, with Mrs. Schwab, is at the Hotel Maryland here, is enjoying his stay in Pasadena, he says. He takes a long walk around the city every morning and in the afternoon plays golf at the Midwick Club. Mr. Schwab will leave for the East Saturday.

WHITTIER, Nov. 14.—Increase of Whittier's banking facilities by an increase of capital stock of \$575,000 before January 1, is indicated by moves now in progress. Two established banks are increasing their capital stock, while a new bank is being formed to open soon.

I SHOULD WORRY SAYS GAVVY AS TO PHIL DEAL

Has Two-year Contract With Quakers; Says He Knows Nothing of Dicker

When the attention of Gavy Cravath, manager of the Philadelphia National League ball club, was called today to New York reports to the effect that a deal had practically been completed for the sale of the club to Joseph L. Lannin, former owner of the Boston Red Sox, the Philly leader, said:

"I should worry. I have a two-year contract with the Phillies. I don't care what they do as long as they 'come through.'"

Cravath was asked whether there would perhaps be a change in policy on the Philadelphia club, provided the change in ownership were made, particularly as concerns increased liberality.

"I hardly think so," Cravath replied. "President Baker has always been liberal enough. If Lannin should become the owner, however, it might result in a policy of taking more chances. The whole thing is a gamble. You've got to take chances. Look at the case of Alexander. Why, as long as he was in the minors he wasn't a pitcher. Along came a big league manager, who said, 'I'll take a chance on Alexander.' And the pitcher was bought for \$500, I believe. Now he's a star. You never can tell what a player will amount to. You've got to 'take a chance.'"

Cravath said that in the last letter he had received from President Baker there had been no mention of a possible change in the ownership of the Phillies.

LIFT OFF CORNS WITH FINGERS

Few Drops of "Freezone," Then
Corns Lift Off—No Pain!

A tiny bottle of "Freezone" costs so little at any drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off with your fingers. Truly! No humbug!

WOODFORD FUNERAL SERVICES ARE HELD

The last sad rites over the remains of Chas. J. Woodford were held yesterday afternoon, with Rev. J. A. Stevenson of the First Presbyterian church officiating at services held at the Mills & Winbigler Mission Funeral Home. There was a large number of sympathizing friends in attendance, and the floral offerings were particularly beautiful, among them being pieces from Al Makaiah Temple, Los Angeles, the local Masonic lodge and the B. P. O. E.

"Lead, Kindly Light" and "Crossing the Bar" were sung by Maurice Phillips. The pallbearers were Jas. Sleeper, Sam Jernigan, Geo. Peters, Harry Hansen, Roy Peterson and Chas. Davis.

Mr. Woodford had been a resident of Santa Ana for a number of years, at first coming here from New York to spend his winters. Through friendships formed on his yearly visits he became attached to the city and had made his home here permanently for a number of years, with the exception of about a year spent in Pasadena, to which point he moved immediately following his marriage. He was a lover of music and had talent, and he was particularly popular in these circles.

Pig hearted, jovial and always with a disposition to help a friend in need, Chas. J. Woodford had endeared himself to the hearts of those who came in contact with him during his residence in Santa Ana.

To Prevent Influenza
Colds cause grip and influenza—LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine" E. W. GROVE'S signature on box. 20c.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Weak, thin people—men or women—are nearly always nervous wrecked; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms will disappear.

Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

LIAR PRINCIPAL CHARACTER IN ELKS' FARCE

Amusing Plot Runs Through "We Should Worry" to Be Given at Temple

If your husband stayed away all night and the next morning when you asked him where he had been he told you that he had been upon a balloon all night, would you believe him?

But if all men were as accomplished liars as Jack Temple, principal character in "We Should Worry," this fact would not even make them turn a hair.

Finding that his wife won't believe this tale, which in reality is true, he tells her that he met an old friend, who invited him to dinner at his suburban home; that he missed the car and had to stay all night. Immediately she asked the name of his friend. He "fakes" one. She sends a telegram unknown to her husband to the "fake" friend, John Brown, of Pickleton.

Jack Temple and his chum, Frank Fuller, discover the telegram by holding the blotter to the mirror. Frank Fuller agrees to impersonate Brown and swear to all lies. He does. Peace. Then war! Why? Because there is a real John Brown, of Pickleton, and he arrives. Also a real Mrs. John Brown, Christian name Martha, who has found the telegram received by her husband which was carelessly left behind upon his departure. So, being something of a human cyclone, she's not angry—she's mad!

But here the bogus John Brown shines forth, wins her maidenly heart, and makes her swear she never saw John Brown, hair dresser and real husband.

Next, in walks Mrs. Frank Fuller to see Mrs. Temple, and bogus John Brown alias Frank Fuller, is caught, which is done with the assistance of Captain Sharpe, of His Majesty's Service; Dorothy, Mrs. Temple's sister, and Wigson, the talkative butler.

This is a bare idea of the plot of "We Should Worry," the Elks' show at the Temple theatre on next Tuesday, Wednesday and Thursday. Those wishing to see it acted should call up the White Cross Drug Store and make reservations.

NOTICE!
To whom it may concern: Please take notice that henceforth I will not be responsible for any bills incurred by my wife, Vida McElhannon.
Wm. McELHANNON.

"—and a pound of tea."

"What kind, ma'am?"
"Schilling's, of course!"

There are four flavors of Schilling Tea—Japan, Ceylon-India, Oolong, English Breakfast. All one quality. In parchment-lined moisture-proof packages. At grocers everywhere.

THE RHODES SCHOLARS

The scholarships at Oxford Uni-
versity provided in the will of Cecil
Rhodes for American students were
suspended for two years during the
war. A double set of boys, numbering
sixty-four, has just been appointed.
The students named as of 1918 will
enter Oxford in January 1920, those
of 1919 waiting until October. Next
year also a double number will be
appointed.

The competition this year, says
Prof. Frank Aydelotte of the Mas-
sachusetts Institute of Technology,
American secretary to the Rhodes
trustees, was keener than ever before.
The war has created a much greater
interest in England and its institu-
tions. Some of the boys had already
had short courses at Oxford while
they were in military service, and ap-
preciated its advantages. Others, by
their experience overseas, had come
to appreciate the desire of Cecil
Rhodes to see the English-speaking
peoples on closer terms of friendship
and understanding.

The young man who wins one of
these coveted scholarships is given
funds to cover a three-years' stay at
the famous old university, to live
comfortably and to travel moderately
during the vacations. He must be a
college graduate chosen on three
counts, which are given equal value;
character, scholastic standing in col-
lege work; general college activities
outside of study, including athletics.

Cecil Rhodes wanted no pale-faced
"grind" to enjoy his benefaction, no
slippery crook with brains and no
character, no popular athlete without
brains. He wanted the best of the
coming generation of young men—
sound and strong in mind, heart and
body, all-around Americans, to spend
three years with England's best,
learning to understand and appreciate
England.

The late war justified his wisdom.
Where is the American who will
do this for Englishmen at an Ameri-
can university?

FOLLOW YOUR NOSE

It is not the cold-pack method of
canning that is responsible for the
deaths caused by the bacillus botu-
linus poisoning say government ex-
perts. It is using decayed products.
The botulinus bug is the cause of ac-
tive decay in canned food.

Proper precautions in canning by
the cold-pack process—or any other,
for that matter—require the absolute
elimination of all rotting matter.
Even if all germs are destroyed, there
remains the question which Dr. Har-
vey Wiley has for so many years
been asking, "Do you really want to
eat sterilized filth?"

And when decaying matter enters
the can, there is always the danger
that enough of the little botulinus
bugs will escape destruction to make
trouble for the eater later on.

When the food is once canned, and
is served without the consumer's
knowledge of the methods used, the
nose is the one sure guide. If the
food seems in any way unpleasant to
the smell, don't eat it. The same rule
applies in the kitchen, of course.
Food about which there is any ques-
tion at all is not good food. It is the
worst economy in the world to fix up
any doubtful food with sauces to dis-
guise the taste and smell. Far cheaper
and better it would be to throw away
the food and buy new.

HELP FOR CRIPPLES

There are perhaps 40,000 American
soldiers, sailors and marines, disabled
in the war, who are candidates for the
scientific retraining courses provided
by the government. The Federal
Board for Vocational Retraining has
already cared for 13,000, and is plac-
ing others under training at the rate
of 1200 a week.

These war veterans are not only
helped by a grateful country to over-
come their handicaps, but are paid
\$80 to \$150 a month while they are
training. It is a work never attempted
in connection with any previous war,
but it is recognized today as no more
than the due of these patriotic vic-
tims.

A similar plan is now being un-
dertaken to help industrial victims. The
"cripples in industry" bill, which is
expected soon to become law, estab-
lishes a system of co-operation where-
by the federal government will give
one dollar for every dollar given for
this purpose by a state. Some states
have indicated their willingness to
contribute \$3.00 or \$4.00 to every dol-
lar from the federal treasury. The

methods used will be precisely the
same as in the army and navy re-
habilitation schools.

Thus out of the war comes another
beneficent and unforeseen result.
There are about 300,000 persons in-
jured in American industries every
year. Of this number perhaps 30,000,
who are rendered permanently help-
less and dependent under ordinary
conditions, can by scientific training
be enabled to earn their own living
again and finish their natural lives
in self respecting independence and
comfort. It is a service valuable as a
measure of justice to the victims and
as a contribution to industrial pro-
ductiveness.

Patriotism

—Dubuque Times-Journal—
If there ever was a serious mistake
which our people are in danger of
making it is the view that we are
taking of the nature of patriotism. To
many it simply seemed to be a state
of lip enthusiasm for the interests of
our country in time of war. Then it
was our duty to make sacrifices, to
show our devotion to America, to dis-
play the flag, to rebuke the lukewarm
with all the energy at our command.
Now that peace has come, it seems
that patriotism has been demobilized
for a great many people. Our govern-
ment makes appeal after appeal, and
they fall on deaf ears. We are told
the things which are essential for the
well-being of the nation and we pro-
ceed to disregard all of them. It is
pointed out to us that the enemies
of our country are still active in the
newer and even more dangerous trade
war, and great classes of our citizens
take the very steps which will help
to restore German industry by weak-
ening our own industrial efficiency.

How much have we heard of the
need of thrift. Who practices thrift?
The trades which lead in luxuries are
flourishing as never before. We have
all heard that any reduction of the
amount of goods produced in America
must of necessity encourage the Ger-
man export trade. And in spite of
this fact, we are doing the very things
which will restrict production and
make prices high.

To complain about the present situa-
tion will be of no especial value.
What we need is a combined effort to
show that there is as definite a need
for patriotism in the critical period
after the war as in the darkest days
of the great conflict. The school, the
church, all of the institutions which
have any part in moulding public
opinion, can play their part in this
movement. We do not need emotion-
alism but a steady and intelligent de-
votion to the best interests of our
country. This as we understand it is
patriotism and the news reports
which come to us from day to day
show that America needs it as never
before.

We Have Eaten It

—Minneapolis Journal—
While explanations do not fill the
empty sugar bowl, they are better
than no sugar unexplained; and there
is, it seems, a sufficient cause for the
empty sugar bowl. Sugar statisticians
find that in the crop year 1913-14 the
European sugar crop amounted to nine
million long tons as against four mil-
lion long tons. Thus from a great su-
gar exporting country Europe has
come to be a large buyer in the
world's market. It is also found that
in spite of the large increase in su-
gar cane production, the world suffers a
shortage this year of two million tons
of sugar.

The executive secretary of the
United States Sugar Manufacturers' as-
sociation says that this country con-
sumed, between January 1 and Sep-
tember 1, this year, 3,263,000 long tons
of sugar as against 2,661,000 long tons
for the corresponding period last year,
or two hundred thousand tons more
than ever before in a single period.
From 83 pounds per capital of con-
sumption in 1914 we ran down to 73.36
pounds in the war stress of 1918; but
if we continue through 1919 at the
rate already given, we shall have con-
sumed this year 92.4 pounds per
capita, and shall have eaten up one-
fourth of the entire world's supply of
sugar.

In the light of these figures, then,
we may draw the conclusion that we
now have an empty sugar bowl be-
cause we have already eaten our full
supply of sugar. This may be cold
comfort, but it is worth knowing.

How to Live "High"

—Good Health—
To live "high" is not to dine on the
finest roasts and chops, to guzzle
wines of famous vintage, to sip ten-
dollar-a-pound tea and nibble rankest
old cheese, to swallow fattest oysters
and lobster Newburg and deviled and
be-deviled things of various kinds, and
in general to make a tomb and a re-
ceptacle can of one's self.
No; that's not the way to live
"high."

To live "high" is to dine on the top
shelf of the biologic pantry, and in
consequence to have clean blood, a
clean tongue, a sweet breath, a clear
skin, a lucid brain—in other words,
to be as clean inside as decent people
want to be on the outside.
"Clean up, clean out, keep clean."

Recipe For Success

—Riverside Press—
"The world can be divided into two
classes," said a philosopher. "There
are those who see things and those
who don't."

He might have added that seeing
things, though of extreme importance,
is only one-third the journey to suc-
cess. Another third is the self-control
necessary to do the thing which is
necessary to be done, no matter how
hard or unpleasant the details of do-
ing it may be.

The man or woman who has the vi-
sion to pick out of the trackless fu-
ture his one right road, who has cour-
age to start upon it, and self-confi-
dence to stick to it in spite of difficul-
ties and temptations to side-issues is
the man or woman who is sure to
reach success.

Nothing can hurt him too deeply for
recovery, nothing can injure him per-
manently, nothing can stop him. Life
does not bewilder him—it serves him.
And he, in turn, constantly serves hu-
manity.

For success three things are neces-
sary: Vision, courage, self-control.

City and County Briefs

L. W. Courtney, of 123 East Wilshire
avenue, Fullerton, expects to sail from
Vancouver, British Columbia, on or
about November 29 for New Plymouth,
New Zealand, where he will be man-
ager of a large oil company composed
of English and Scotch stockholders.
Mr. Courtney is one of the best known
oil men in the Fullerton field, hav-
ing resided here for many years, all
of which time he has been identified
with the industry.

pared with 440,354 bales consumed
during October last year, according to
the monthly report of the census bu-
reau today.

Colds Break

Get instant relief with
"Pape's Cold Compound"

Don't stay stuffed-up! Quit blowing
and snuffing! A dose of "Pape's
Cold Compound" taken every two
hours until three doses are taken
usually breaks up a cold and ends all
grippe misery.

The very first dose opens your
clogged-up nostrils and the air pas-
sages of your head; stops nose run-
ning; relieves the headache, dullness,
feverishness, sneezing, soreness, stiff-
ness.

"Pape's Cold Compound" is the
quickest, surest relief known and costs
only a few cents at drug stores. It
acts without assistance. Tastes nice.
Contains no quinine. Insist on Pape's.

THE FOURTEEN POINTS That Have Built the White Cross

President Wilson's famous "FOURTEEN POINTS" may or may not do for the world what their brilliant creator predicts for them, but it is a certain, provable fact that the "FOURTEEN POINTS" upon which the policy of the White Cross is built are responsible for the great and substantial success of the White Cross in Santa Ana. Read our "FOURTEEN POINTS"—they will guide you to an establishment where "open diplomacy" and "self-determination" are paramount.

Read the Fourteen Points of White Cross Success

Point 1—Highest Quality Always.
Point 2—Fair, Economical Prices.
Point 3—Prompt, Unfailing Service.
Point 4—Courteous Salespeople.
Point 5—Accurate Prescriptions.
Point 6—Ample Assortments.
Point 7—Cheerful, Cozy Store.

Point 8—Sanitary Soda Fountain.
Point 9—Delicious Luncheonettes.
Point 10—Convenient Location.
Point 11—Logical Expansion.
Point 12—Timely Merchandise.
Point 13—Contented Employees.
Point 14—Satisfied Customers.

Thermos Lunch Kits Saturday, \$4.50

Reducing the "cost of clothes" for you

WE'RE doing it in two ways for
you; first, by offering only the
best clothes made; Hart, Schaffner &
Marx clothes; the all-wool quality and
fine tailoring in them give such long
wear—you don't have to buy clothes so
often.

Second: By basing our present re-
tail prices on what we paid for the
goods months ago. Were we to try to
duplicate any of this clothing we're
selling today, we'd have to pay as much
for it at wholesale as you do at retail.

So, if we sold clothes to you on the
present-wholesale basis, we'd be asking
a lot more money.

Some Warm Ones

YOU'LL find all of the good stylish
overcoats here; warm ulsters and
greatcoats for winter; lighter coats for
fall wear; full draped models; body
tracing designs single and double
breasted.

Belters—for Young Men

THEY'RE Popular; single and dou-
ble breasted models; yokes, plaits;
the livest suits of the season.

THAT ISLAND OF SOME SWEET DAY

There's a beautiful island called "Some Sweet Day."
An Island of Hope Divine.
Its flowers are blossoms of Heart's Desires,
Its treasures are yours and mine.
It is bound on the north by Hope deferred.
On the south by a Vale of Fears,
On the east lie Broken Promises,
On the west flows a Sea of Tears.
Last night as my soul cried aloud in despair,
For my Island of Some Sweet Day,
Came one straight into my troubled dreams,
And said, "I will show thee the way."
Then he gave me a robe of Faith renewed,
And my jewels were Courage and Trust,
And the sandals I wore were Golden Seals,
My wand bore the signet "Must."
Then I sailed in a bark of Determined Ideals,
That gave me the Right of Way,
And my heart sang with a joy as I reached the shore,
Of my Island of Some Sweet Day.
(Alice M. Roberts, in the New Success Magazine.)

Cadman Here Monday.

There is always more or less curiosity concerning the personality of an artist about to appear in a city. And it is often asked "what composer Cadman looks like." In the first place let it be understood that he is not Indian nor does he have one bit of aboriginal blood in his veins (unlike his co-partner Princess Tsarina, a genuine Indian), although in various parts of the country Cadman has been accused of being an Indian because of many years' association with Indian folklore and personal association with prominent members of that race.

An opportunity to see both will be given next Monday evening at the Santa Ana Musical association program.

The composer is typically American in every sense of the word or rather "Western American" in speech and ideals because of middle west nativity and long western residence, in spite of a New England ancestry. According to feminine newspaper interviews the composer does not belong to that circle of artists who are "handsome and dreamy-eyed." The Detroit Journal once said: "In appearance, Cadman is neither homely nor good looking. His dress suit fits him with neither artistic precision nor slovenliness. He might be mistaken for a bank clerk. A little shock of coal black hair hangs over his forehead. He is Governor Sulzer and his face is ablaze with enthusiasm when he is speaking or playing. He is of rather slight physique, but wiry looking and a bundle of nervous energy at all times. In short, he resembles the well-known type of enthusiastic young American." This then is a fair picture of Cadman, author of "The Land of the Sky-blue Water" and "At Dawn" and student and exponent of American Indian folk-song.

All Day Meeting.

The Aud Lang Synce club will meet in all day bi-monthly session Tuesday, Nov. 18th, at the home of Mrs. William Newson, at Rivera.

Mexican Problem Emphasized.

The Spurgeon P. T. A. met yesterday afternoon for the enjoyment of a pleasing and instructive entertainment opened by the singing of "My Country 'Tis of Thee."

It being Miss Hibbs and her grade mothers' day, a pretty playlet was given by the fifth grade students. The children were well trained and presented their parts without hesitation.

211-212 Spurgeon Building

Their efforts were well applauded.

During the business session, the minutes of the last meeting were read and those of the County Federation day. A very fine talk was given by Supt. J. A. Cranston, touching especially on the Mexican situation and asking for perfect frankness between mothers and teachers. Especial emphasis was laid upon physical training, comparing our boys when they went to war and now. He spoke of the hope of training children now, to be ready should the "call" come again.

Following the usual custom, the mothers were counted and the fifth A grade found to have the most mothers present. As winners, the grade will have a nice treat during the month, jointly with the grade mothers and teachers.

A committee was appointed, including Mrs. Jos. Metzgar, Mrs. Taylor and Mrs. Marshall Keeler to see about obtaining new curtains for the stage, which are badly needed.

The two and three roomed buildings are now ready for the third grade Mexicans, and by visiting the pass between the Logan and Santa Fe street schools and also the schools of the two and three roomed buildings, the needs of the people can easily be seen. Help and instruction are willingly given by Mrs. Bohannon and Mrs. Wyllis Perkins.

87th Milestone Reached

Eighty-seven years of happy living; years filled with golden deeds and golden memories, were marked in the observance of the birthday of F. S. Haughwout, on the afternoon of Thursday, November 12.

There had been no general reception planned in his honor, but all day long lovely bouquets of flowers and baskets of fruits were sent from far and near, to carry on congratulations. These were used to decorate the home, where the guests called to extend best wishes for many years to come.

Mr. Haughwout is a veteran of the Civil War, receiving injuries in the Battle of Shiloh. It has been two years now since he became afflicted with the illness from which he can never recover, and though he still keeps in touch with the friends around him, it was a day long to be remembered, made beautiful by the thoughtfulness of his hosts of friends.

From the Santa Ana Sedgwick Post of the Grand Army, he received an appropriate remembrance of his services and also from the ladies of the G. A. R., who paid him tribute on his anniversary.

An exceptionally bright spot in an exceptionally bright day came with the arrival of his brother, W. H. Haughwout from Fresno. He, also, is a veteran of the war and fought with his brother in the battle. He brought with him a box of raisins, a veteran surgeon of the Confederacy sent him when he heard the motive of the trip. Although he had never met Mr. Haughwout, he felt that they had much in common and his gift is more highly regarded through the understanding that prompted its sending.

The afternoon was closed with a surprise informal reception given by Mrs. John Oliver, who, with her assistant, Miss Guthrie, and a number of friends, took possession of their home. Mrs. Oliver brought with her a lovely cake, placing the candles in the form of an "eight" and "seven." This, with delicious cream, was served the guests.

There could be no more pleasant closing to a day than the influence of Mrs. Oliver's bright and cheerful personality, and under her supervision and pleasure of her companionship the day was most enjoyably completed.

Athena Club Meeting

A "better speech" program was greatly enjoyed by the members of the Athena Club yesterday afternoon at 3:15 o'clock at the high school.

The regular business was first taken up, after which the girls listened interestedly to the following musical numbers and readings:

Miss Glenna Jean Hill was first with a pleasing violin solo and was called back for an encore. Two readings, one by Miss Dorothy Duggan and the other by Miss Mary Geyer, were appreciated and a dialogue by Misses Louise Utt and Grace Robertson, illustrating the necessity of better English, was very cleverly given.

A piano solo by Miss Elsie Jessup followed, after which a vocal solo by Miss Margaret Kohler was sung.

A duel, in which, "I seen" (Miss Grace Dickey) was killed and stepped on by "I saw" (Miss Anita Cox), and

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief

For Acid Indigestion.
So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probability nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop and prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisurated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisurated magnesia which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digesters. Magnesia comes in several forms, so be certain to ask for and take only Bisurated Magnesia, which is especially prepared for the above purpose.

which was fought with wooden swords, was the final number.

Honored on Birthday

Mr. and Mrs. Charles Blackmore, of 1124 East Fourth street, gave a birthday surprise party to their son, Bayard, formerly of the Famous Fourth Division.

Music formed the greater diversion for the evening, with piano and mandolin numbers and several Victrola selections. George Seiberg entertained the guests with readings.

Light refreshments were served to the company, and in honor of the day Miss Grace Blackmore presented the honored young man with a birthday cake, shining with an appropriate number of candles, and which Mr. Blackmore proceeded to blow out with one huge puff.

The merriment continued until a late hour, when the guests departed for their homes, after extending wishes for many more happy birthdays.

Present were: Messrs. and Mesdames Claud A.

Nelson, Earl Ray, Murphy, Roy Irving Smith and children, William Heath, Oscar Woodruff and children; Misses Meda James, Francis Giesler, Gertrude Alton, Vida Blackmore, and Messrs. Blaine Gale, Everett Blackmore, George Seiberg.

Table Shower by Club Members

Miss Zelma Sturgeon was the recipient of another surprise shower, given her last evening, by the members of the N. M. U. Club at the regular meeting held last evening at the home of Miss Hazel Stocksleger.

A jolly fire was glowing in the fireplace when the girls arrived, and taking around it for a pleasant evening of visiting together. Shortly after the greetings, the hostess and Miss Zoe Vanderlip, who assisted her, disappeared, returning with a handsome damask tablecloth. This they spread on the floor so that it might be better admired by its new owner, and as they were stooping over it, the members quickly set it with a complete set of pink and white breakfast dishes, which they had kept concealed.

Again finding places around the fire they busied themselves with their needlework until the refreshment hour, when they were invited into the dining-room. Matches were given to the guests, with the instructions to light the small pink candles marking each place. At the ends of the table were two larger crystal candlesticks with the pink candles,

SELECT YOUR Victor or Columbia Records

Chandler's Music Store

111 W. 4th St.

Santa Ana

and in the center a crystal basket daintily filled with violets, Cecile Brunner roses and maiden hair fern. Refreshments also carried out the color scheme of pink and white.

During the confused admiration of the table with its attractive appointments, the disappearance of Mrs. Stocksleger was not noticed, until the doorman rang and Miss Sturgeon invited to see who was there. She found a large basket filled with miscellaneous remembrances with gifts sent from out-of-town members of the club and from their mothers. Too completely surprised for words, Miss Sturgeon could only open her pack-

ages and admire them.

Large pink chrysanthemums graced the living room, where the guests gathered a third time around the fireplace, following the shower.

Present were, beside the honoree, Miss Sturgeon, Mesdames E. A. Stock-shager, Glenn Tidball, Walter Eaton, Charles Cotant, Misses Frances and Gertrude Potts, Alice Wasser, Zoe Vanderlip and Hazel Stocksleger.

All this new idea about the law of gravitation being all wrong must be based on the way prices refuse to come down.—Modesto Herald.

POLY MEN LEAVE FOR FRAY AT SAN DIEGO

Twenty First String Grid Heroes In Calvacade En Route South

Determined upon victory, twenty football players of the Santa Ana Polytechnic High School this afternoon at 2:15 were scheduled to leave in automobiles for San Diego, where, tomorrow, the local heroes of the gridiron are to play their final league game of the season.

Five automobiles were to be in the cavalcade. At least twenty loyal rooters from the local school were to accompany the athletes to the southern city.

It was planned by Coach Morrison to lay over at Oceanside long enough to make it impossible for the football men to reach San Diego before bedtime, the theory being, as in former years, that it is the duty of a pigskin artist to retire early, rather than yield to the allurements of sightseeing.

The players scheduled to go were Cock, Spangler, Wilcox, Taylor, Best, E. Best, Strong, Remsburg, Denning, Arkley, Hillyard, Coffman, Westgate, Stark, Brown, Dungan, K. Dungan, Clark, Petz and Cox. Cock will be unable to play in tomorrow's game, his leg, which was injured sometime ago, still giving him trouble. Stark is back in the game again, after having been out with a troublesome shoulder. Clark, who was out of the Pomona game, owing to an attack of tonsillitis, will be in tomorrow's lineup as left guard.

Willard Stafford, who was injured in a recent game, was to accompany the team, his expenses being paid by the Poly Peppy Club.

Among the rooters who were to go to San Diego were Donald Jerome, Chester Stafford Hillard Tyrrell, Simon Fluor, William Martin, Joseph Smith and James Neal. Jerome was to take this party down in an automobile. Harold Finley was to drive another rooters' car.

Santa Ana has won three consecutive games, placing the local school second in the Orange County League. If Whittier defeats Fullerton tomorrow, which is conceded to be unlikely, Fullerton and Santa Ana will stage a battle to play off the tie for first place in the league.

It was announced today that Santa Ana is negotiating with Citrus Union for a game to be played here on Thanksgiving Day. The locals defeated Citrus Union earlier in the season by a score of 35 to 0, but this was the result of the Citrus aggregation having had seven first string men out, fighting forest fires. Since then Citrus Union has come back and has fought its way well up in the City League.

The Santa Ana High School Alumni game, a time-honored institution, is to be played this year as per schedule on Christmas Day, it was announced today.

BASKETBALL PLANS STARTED AT POLY

Basketball activities have begun at Polytechnic high school, it was announced today by Coach Ficken. Charlie Brown has been elected manager of this year's team. Brown is practically the only experienced player who will be back from last year's team. However, interest in basketball is keen and Ficken stated that virtually all members of the football squad are planning on going in for the game. In addition to the pigskin athletes, there is a large number of other students who are being attracted to the basketball courts.

GROUND BROKEN FOR COLLEGE DORMITORY

An impressive ceremony was held at Pomona College, Claremont, the early part of this week when ground was broken for the girl's new dormitory.

It was an important event, as the present dormitory has long been most inconvenient and too small for the rapidly growing school. The building will harmonize in architecture with the newer erections and its completion will probably be the motive for a big celebration.

DISMISSES ACTIONS.

Allen & Allen, attorneys of Fullerton, have dismissed two attachment cases, one brought by V. Myers and the other by the Brown & Dausser company, against John Scott, according to papers on file today. Myers asked a judgment of \$300, alleged to have been due on a promissory note, and the Brown & Dausser company asked a judgment of \$722.26, alleged to have been due on bills of goods delivered.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. No gripping results from these pleasant little tablets. They cause the liver and bowels to act normally. They never force them to unnatural action. Dr. Edwards' Olive Tablets are a soothing, healing, vegetable compound mixed with olive oil.

If you have a bad taste, bad breath, feel dull, tired, are constipated or bilious, you'll find quick and sure results from Dr. Edwards' little Olive Tablets at bedtime, 10c and 25c a box.

When the Dining Room's on Dress Parade—

—on Thanksgiving Day, for instance—and on the other occasions when your dining-room is the center of attraction—the question of the dining-room furniture takes on an aspect of unusual importance.

There is hardly a feeling more exhilarating than the sense of knowing that your dining-room is furnished in a manner that speaks plainly of good taste, artistic ideals and correct appointment.

There is a certain pride of ownership that goes with furniture of a high character. You'll experience that pride when you become the owner of one of the superb dining-room sets we are now displaying. We have them in Walnut, Mahogany and other good woods, in a number of new patterns besides the period pieces which we always have in stock. We have a great many beautiful things to show you. Why not have it delivered BEFORE THANKSGIVING.

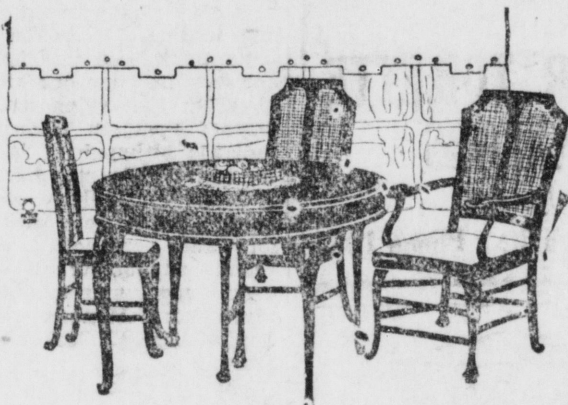

A Whittall Rug Will Satisfy

When you buy a Whittall you are done solving the rug problem for years to come. That's an economy worthy of highest consideration in these days of high prices. There is no exaggeration in saying that Whittalls exemplify the highest standard in American rug weaving.

EXCESSIVE DEMAND

and

Limited Clothing Production

THE man who buys a suit of clothes or an overcoat, little realizes the unparalleled conditions in the clothing market today.

A constantly growing demand for clothing has naturally made the merchants of the country eager to obtain merchandise from the manufacturers. But the slow production of the mills and tailors' shorter hours have retarded the making of clothing.

Limited production means, of course, limited supply.

To get our supply of clothing we must meet the manufacturer by appointment. Even then we must be satisfied with his allotment to us. That allotment is limited.

Thus, EXCESSIVE DEMAND and LIMITED PRODUCTION make it difficult to supply the demand for clothing. These conditions also explain why prices are advancing.

However, good suits and overcoats can be had here at \$20 to \$45

COURTHOUSE NEWS

FRAUD ALLEGED S. A. ATTORNEYS IN SUIT OVER OIL LEASE

Couple Asks \$500 Damages
and Quiet Title In Case
Filed Here

Alleged fraudulent representations on the part of James Garvey, claimed to have been made by him to induce the plaintiffs to sign an oil lease, were the basis of a suit which was on file today in Superior court, and through which Frank F. Hill and his wife, Kate L. Hill, will seek damages of \$500 and to quiet title to property northeast of Anaheim, located in the district near the Heffern well.

It was recited in the complaint that on June 11, of this year Garvey came to the residence of the plaintiffs and told them that a corporation had been formed and was ready to begin drilling for oil on property adjoining the plaintiffs' property.

Garvey told the Hills, they set forth in their complaint, that the corporation had leased all the lands surrounding their property. Further, the plaintiffs asserted, Garvey told them the law of California prohibits the sinking of an oil well within 300 feet of a well already started, and that unless the plaintiffs would at once lease their land to him for the corporation the latter would immediately begin drilling a sufficient number of wells close to the boundaries of the plaintiffs' property as to make it impossible for anyone to drill an oil well on the holdings of the plaintiffs. The lease presented by Garvey, it was recited, was the same as leases obtained by him for the corporation from the Hills' neighbors, a woman named Von Wedelstaedt and a man named McIntyre. The Hills, they alleged in the complaint, asked, but were refused, a day in which to consider the matter. Garvey told them, it was alleged, that he had an important directors' meeting to attend, and that the Hills would have to make up their minds at once.

The plaintiffs recited that at the time they were inexperienced in business matters, that they were unfamiliar with oil leases, and that they believed all of Garvey's statements. The Hills signed the lease, they declared. The representations of Garvey, it was set out, "were false, fraudulent and untrue," and he knew it. The terms, said the complaint, were unfair and unconscionable and the plaintiffs, they asserted, received no consideration for signing the lease.

The Hills asserted they were unable to locate Garvey, either in Los Angeles, at an address they had obtained, or at the Hotel Astor, in New York City, where they had been told, they claimed, Garvey might be reached. They set forth that they had sent a notice of rescission of contract to both addresses.

The plaintiffs' alleged damages of \$500 were caused through their efforts to locate the defendant.

The Hills' suit was filed through Attorneys Head and Rutan of this city.

FREE OF MARTIAL BONDS.

Superior Judge Williams having granted her a final decree of divorce, Lillian Emmett Berns today was no longer the wife of Bernard S. Berns. The plaintiff's attorney was Leonard Evans of Anaheim.

Judge Thomas Upheld By Appeals Court In Land Pact Action

THE District Court of Appeal has affirmed a judgment rendered by Superior Judge W. H. Thomas in this county, refusing to order forfeiture of a contract to purchase real estate, in the case of the Bay-side Land Company, plaintiff and appellant, against Mrs. Eva Phillips and Mrs. F. M. Harmer, according to a certified copy of the opinion, filed today. The action was one to quiet title to real property in which the defendants claimed an interest by reason of a written contract, entered into between the parties to the action, by which the plaintiff agreed to sell and defendants agreed to buy the property. The appellant contended that the defendants' interests in the contract, which was executed in August, 1913, and in the land involved, terminated on November 27, 1915, by reason of the exercise of the forfeiture of a clause contained in the agreement. The defendants, on the other hand, denied the plaintiff's right to exercise such forfeiture by reason of the waiver of that provision of the contract.

WIN FIGHT TO FREE HUDSON

Appellate Court Reverses
Judge West and Grants
Habeas Corpus Writ

Acting on orders received from the clerk of the Appellate Court, Sheriff C. E. Jackson today released from the county jail James Russell Hudson, in whose case the Los Angeles court, reversing Superior Judge Z. B. West, granted a writ of habeas corpus, asked for by Hudson's attorneys, Charles D. Swanner and Stanley M. Reinhaus.

After arguments on the writ had been heard in the Appellate Court the case was ordered submitted on briefs. Word that the court had reversed Judge West was received here this morning.

It was learned today that Hudson had applied for membership in the American Legion, but that he was arrested just before his application could be acted upon. At a recent meeting of the Santa Ana post of the Legion a vote was passed giving Hudson moral support. Attorneys Swanner and Reinhaus, both members of the Legion, interested themselves in Hudson's case, taking up his defense without remuneration.

When Hudson, on a complaint sworn to by his wife, Grace Hudson, was held to answer to the Superior court on a charge of non-support, Swanner and Reinhaus asked for, but were refused, a writ of habeas corpus by Judge West, who held that in spite of testimony at the preliminary examination showing that the wife was given shelter by her father in this city, Hudson was legally in custody at the local county jail. In this, Judge West sustained Deputy District Attorney Menton, who argued that the mere fact that a wife had relatives to whom she could go did not relieve her husband from responsibility.

Hudson's attorneys then applied for a writ in the Appellate court. In

granting the writ, the higher court held that inasmuch as the evidence showed Hudson had not left his wife in a destitute condition, he could not legally be held.

BANK STOCK INCREASED.

That the capital stock of the Golden State Bank of Anaheim was on October 22 increased from \$50,000 to \$100,000, divided into 1000 shares of a par value of \$100 each, was learned through a certificate, prepared by Attorney H. V. Weisel of Anaheim, and which was on file today.

APPLICANTS IN RUSH TO JOIN AMERICAN LEGION

Golden Scroll to Be Given Each Family That Lost Son In World War

Following the appearance of the plea in last night's Register by F. M. Dean, secretary of the Santa Ana post of the American Legion, for new members, more than a dozen service men applied to various officials of the organization for information, it was learned today.

"I wish to thank the Register for its support in the movement now on foot to add to the membership of the Legion," said Attorney Charles D. Swanner, one of the leading members, today.

It seems that quite a number of service men are hesitating about joining the American Legion through the belief that initiating fees and dues may be prohibitive. The fact is that there is a charge of only one dollar, for initiation fees, and one dollar for dues for the remainder of this year and until June 30, of next year. Thus it will be seen that as far as fees are concerned, a membership is within the reach of every service man, no matter what his circumstances may be.

Swanner, to whom Judge Z. B. West, chairman of the County Council of Defense, tendered the golden scrolls that are to go to each family in the county that lost a son in the world war, today announced that he had completed the blank receipts which families receiving a scroll must fill out.

Will Deliver Scrolls.
Swanner stated that he had decided to deliver a portion of the scrolls to Major E. J. Marks, of Fullerton, for distribution in the northern end of the county.

Families in Santa Ana and vicinity desiring scrolls are asked by Swanner to call at his office in the Farmers' and Merchants' Bank building. Fifty-three golden scrolls are ready for distribution in the county. This number, however, will not be sufficient, according to Judge West, who has notified Swanner that he has learned of additional families who are entitled to them.

Each scroll has a large golden star and is engraved in the following words:

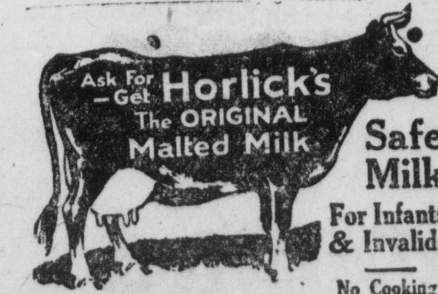

"In profound appreciation of the devotion to his country and to its ideals of liberty and independence which caused (name is inserted here) to give his life for their preservation in the great war just victoriously concluded, the State of California offers to his family and friends this token of its sympathy and enduring gratitude. Done in the City of Sacramento, this eleventh day of November, (Signed: Charles C. Moore, director, State Council of Defense; W. D. Stephens, Governor.)"

Passage From Lincoln's Speech
And at the bottom of the scroll is engraved this passage from Abraham Lincoln's address on the occasion of the dedication of the National Cemetery at Gettysburg, November 19, 1863:

"It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain, that this nation under God shall have a new birth of freedom and that government of the people, for the people, and by the people shall not perish from the earth."

Certificates of service, signed by Governor Stephens, and bearing the great seal of California, will be turned over by S. H. Finley, who received them, to the various chapters of the American Legion in Orange county, for distribution to discharged service men, according to announcement today. Each service man applying for a service certificate should present his discharge or release papers.

A Nutritious Diet for All Ages
Quick Lunch at Home or Office
Avoid Imitations and Substitutes

Hot Water Bottle Eases Man's Corn, Also Scalds Foot

HERE'S a story about a cold, a corn and a hot water bottle. The principal character in the story is H. Littman, brother-in-law of J. Smith, of the Unique store.

Several nights ago Littman was suffering from a cold. He prescribed a number of hot lemonades for himself.

Then, insult was added to injury when Littman found that a corn was giving him pain. He filled a hot water bottle with hot water, seated himself in an easy chair, took off his shoe, and placed the water bottle on the offending corn. Relief was instantaneous. The water in the bottle was hot. In fact, Littman didn't realize the water was so hot.

The hot lemonades made Littman drowsy. He fell asleep.

In the meantime the hot water bottle worked not only on Littman's corn, but on his entire foot as well. For the bottle was very hot, as has been said. So hot, in fact, that Littman's foot was scalded.

Today Littman was walking about on crutches.

BRIDGE PAVING TO RICHFIELD BIG OBJECT

A bridge across the Santa Ana river and a paved highway from Orange into the Richfield oil district is to be one of the big things that the Merchants' and Manufacturers' Association of Orange is to center its efforts on in the future and it will keep active on the project until it is put over or definitely decided that it cannot be accomplished.

The association will endeavor to have the project included in the proposed bond issue for an extension of paved roads in the county. The organization has been assured that if that community will stand solidly back of the county bond issue, provision will be made for the paving and bridge offering a direct connection with the oil district and Orange and Santa Ana.

The matter of the road to Richfield and the bridge was referred to the roads and bridge committee of the association, of which M. Ellis is chairman.

IRRIGATION CONGRESS FOR WESTERN STATES

BOISE, Idaho, Nov. 14.—Twelve western states will be united by stronger bonds than ever before, it is believed here, by the big irrigation congress called by Governor D. V. Davis for November 21 and 22 at Salt Lake City.

Such distinguished men as A. P. Davis, United States commissioner of reclamation; Senator McNary of Oregon, chairman of the senate committee on irrigation, and Moses P. Kincaid, chairman of the house committee on irrigation, have indicated they will attend.

Delegations are being appointed by the governors of the states of Idaho, Oregon, Arizona, California, Colorado, Montana, Nevada, New Mexico, Utah, Washington, Wyoming and Nebraska.

GOOD ROADS BOOSTERS PLAN NEVADA HIGHWAY

RENO, Nevada, Nov. 14.—Good roads boosters from California and Nevada are meeting here today to devise ways and means to build a paved highway across the State of Nevada.

The proposed highway would be a link in the trans-continental paved road, and is being supported by Lincoln Highway boosters.

L. A. Nares, chairman of the California Good Roads committee, will be the principal speaker at the conference. Charles Virden is chairman of the meeting.

Other speakers will be Ben S. Allen, publisher of the Sacramento Union; Highway Commissioner Geo. C. Mansfield, and Joseph E. Caine, representing the Lincoln Highway Association.

CALIFORNIA EDITORS MEET TODAY IN NORTH

SAN FRANCISCO, Nov. 14.—News-papers men from all over California gathered today for the convention of the California Press Association. The meeting will last two days.

Among other topics to be discussed at the convention are, "The Paper Question," "Railroad Transportation," "The Editorial Page," "The Zone Rate."

R. A. Tiernan Typewriter Co., 219 W. 4th St. Phone 137.

DENIES PANKEY PETITION FOR CUTTING OUT GUM TREES

State Highway Commission Announces Policy of Preservation

The State Highway Commission in denying the petition of Henry Pankey of Tustin for the removal of a line of big eucalyptus trees on the state highway a short distance below Tustin has announced a policy of preserving trees along the highways, looking at the trees from the standpoint of the general public rather than from the standpoint of the individual property owner whose land adjoins.

Two or three years ago, immediately after he bought the property, Pankey petitioned the State Highway Commission for permission to cut out a double line of eucalyptus trees adjoining his place. He was given permission to reduce the trees to a single line and to cut out trees so that those remaining were about thirty feet apart.

Recently Pankey again petitioned the board, this time asking for permission to remove all of the remaining trees.

Under the heading "Saving the Trees" the State Highway Commission in a news letter sent out by the commission from its office in Sacramento has the following:

Preserve Land Marks.

"Frequent petitions are presented to the Highway Commission for permission to cut down the trees on the state highway, where property owners allege the said trees shade their land, or cut off their view, etc. The commission's policy, in such matters, is to consider the larger interests of the public and to preserve, not only the trees, but all other land marks that make the highways attractive and traveling a pleasure. Henry Pankey of Irvine, Orange county, has recently been advised by the commission that his petition to chop down certain eucalyptus trees in front of his property on the state highway is denied, for the reason that such trees are considered an enhancement of the beauty of the state highway and their removal is contrary to the policy of the commission to preserve shade and ornamental trees along the state highway."

Those on the State Highway Commission are N. D. Darlington, chairman, Charles A. Whitmore and George C. Mansfield. A. B. Fletcher is the state highway engineer.

WASHINGTON'S DRAM FLASK BROUGHT OUT

DIXON, Ky., Nov. 14.—George Washington's "dram" bottle, used by him in Revolutionary war times, has come forth from its resting place in a Webster county farm home after a rest of nearly 150 years, for most of which time it has been kept under lock and key.

In possession of its present owner, J. I. Sutton, a farmer, to whom it has been handed down as an heirloom, the small hand-painted flask, which was presented by Gen. Washington to one of his colonial friends named Briscoe, was brought to Dixon this week and exhibited. Older residents of the county vouch for the history of the flask and its historical connections are authenticated well.

The flask was presented by one Briscoe to one Bridwell, ancestor of the Bridwell families of this county, and later was passed to Miss Martha Melton, who became the wife of Sutton. It is of a glazed composition, half-pint capacity, and bears evidence of its age. A leather case, used to sling the flask from the shoulder, was discarded twenty years ago by Sutton because of its time-worn condition. The bottle is temporarily in possession of County Judge A. L. Hall.

Dressmaker Gives Advice

"I underwent a surgical operation for gall stones 5 years ago, was in the hospital 4 weeks. For a year I felt better, but then my old symptoms and pains returned, and I have suffered ever since. Four weeks ago on the advice of a lady I tried May's Wonderful Remedy, and now I feel like a new woman. I have a number of friends who suffer as I did and I am advising all to try this valuable medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At druggists everywhere. —Adv.

'OLE TURKEY DAY' BIRDS WILL BE HIGHER THAN LAST YEAR

Markets Will Be Ready Soon With Dressed Turkeys, Chickens, Geese, Ducks

Certain commodities have risen in price to dizzy heights during the past year but birds for the Thanksgiving spread, while they will be some higher than last season, will show only a comparatively small percentage of advance, it was indicated by local poultry dealers today. Even at that, "Turkey Day" fowl will fly pretty high.

Present indications are that turkeys will sell, dressed, in retail butcher shops at around 60 to 65 cents a pound. Fresh dressed birds are now bringing 53 cents in Los Angeles wholesale markets. Last year's retail price here was around 50 cents. Geese and ducks, it is indicated, will bring probably from 45 to 55 cents for the Thanksgiving trade in retail markets. Dressed chickens will probably sell for probably 45 to 50 cents.

Some dealers expect present prices to continue to Thanksgiving time, while others think prices will strengthen as the holiday period draws near. The dressed birds will make their appearance in the markets probably a week before November 27.

Bird Supply Light

The supply of all kinds of holiday fowl is lighter than last year, according to reliable reports, and this tends somewhat to make prices higher. Part of the turkey scarcity, it is said, is due to the non-arrival of eastern birds and the fact that some Imperial ranches have abandoned turkeys in favor of cotton growing. One report is that Texas is raising more turkeys than ever, but apparently no large quantity of them is reaching the Southern California market.

There is also a scarcity of heavy birds, according to Newcom Brothers, local dealers, and many are holding their pullets, so that the holiday supply of chickens is expected to be light. Wholesale live-weight prices for chickens up to Thanksgiving will probably run something like this: Light hens, 34c; soft-bone roosters, 35c; fat hens, 38c.

Those fifteen French dogs that were awarded the croix de guerre for "distinguished gallantry in action" are probably thanking their lucky star for the chance they had. And what is their lucky star, you ask. To be perfectly honest, we don't know whether it's Mars or the Dog Star!

Much Prized German Pigs Are Often Kept In House

Porkers Given Fine Treatment and Are Carefully Guarded by Owners

BERLIN, Nov. 14.—The pig is now a very much prized animal in Germany. In fact he was never so much liked as now. During the war when fairs were so scarce the value of the pig was brought home to the hungry and ill-nourished population. Since the war there has been a great

DESPONDENT AND SICK ENDS LIFE WITH PISTOL

Sick and despondent, Chas. Litzinger is a suicide. He ended his life by sending the bullet of a .32 caliber revolver crashing through his brain, at the home of Wm. Noble at La Habra. He was 32 years of age and unmarried. His folks reside in Pennsylvania, or did when he last heard from them about ten years ago. Litzinger has been making his home off and on with the Nobles for the last three years. He recently returned from a several months' stay in Texas, since when he had been confined to his bed most of the time.

During a temporary absence of Mrs. Noble from home, the young man got out of bed, secured a revolver belonging to Mr. Noble, and stole out to a sully at the rear of the home, and there ended his life.

SCHOOL CONFERENCE HELD AT COACHELLA

COACHELLA, Nov. 14.—Teachers and patrons of the schools of this section were gathered here today at the educational conference held in the local high school.

A. C. Olney, state commissioner of secondary schools, and Dr. Waite, district superintendent of Hemet, will be two of the principal speakers at the conference.

An apple grower at Three Rivers, Tulare county, sold his crop from seven acres for \$1960, or \$280 an acre.

STEPS TO CREATE EXCHANGE WILL BE TAKEN AT EARLY DATE

H. A. Lake Directed to Proceed With Organization Without Delay

H. A. Lake, of Garden Grove, today stands empowered by the board of directors of the Orange County Farmers and Merchants' Association to proceed at once with organization for installation at Garden Grove of the first exchange of the county mutual telephone system to be constructed by the association. President Chas. Eygabroad and Secretary H. B. Woodrough will meet with Lake tomorrow morning to discuss details of the first work in a project that is expected to bring relief from the high exchange rates and toll charges between exchanges now in effect by the operating company.

The association must get busy within four months after the granting of its franchise, and this limit is nearing expiration. Garden Grove is not incorporated and there will have to be no delay such as would have to occur were attempt made to institute the first unit in an incorporated city, where a franchise would have to be secured.

Garden Grove business men and farmers have been demanding the organization of an independent exchange in that district ever since the first advance was made in the Pacific rates, but action has been deferred pending result of the organization of the county-wide association.

Can Begin Work Soon.

With many members of the community ready to back the enterprise with financial and moral support there will be little trouble in developing an organization that will make it possible to commence installation there in a very short time.

A small exchange can be organized readily and built so that it can become a part of the county system later. A small exchange will suffice for the preliminary work of the greater organization, and it will offer an opportunity for development of legal phases and court action to determine whether the county system can be installed legally.

Attorneys for the association believe that there is no law under which the Pacific Telephone and Telegraph company can checkmate it, but in order that the directors may be sure of their ground in future action they will cause a friendly suit to be brought to determine all legal points involved. With a favorable court decision, the directors will proceed with energy to organize the entire county and make

WHAT
TO BUYDR. FLEWELLING
TALKS BEFORE
BOOK CLUBDeclares Many Soldiers Bring
Back Wrong Impression
of France

According to Dr. F. T. Flewelling, who spoke before the Book Club Wednesday evening, a good many of the reports brought back by the American soldier and the worker in the army camps are one-sided and superficial. In many instances, there has been downright misunderstanding.

Americans are the most provincial people in the world. Provincialism, the speaker defined as "a feeling that anything that is done differently from the way we do it is done in an inferior way." And we Americans have gone overseas with the predominant thought that America is the biggest thing in the world. Consequently our men have failed to understand the French ways of living and have said, "Well, you ought to come to America and see how things really are done."

Because of this besetting habit of provincialism, many of our men have come back with altogether wrong impressions.

Dr. Flewelling is a delightful speaker, clear, terse and forceful. He holds the position of professor of philosophy in the University of Southern California, and during the war served as head of the department of philosophy in the "University for the American Expeditionary Forces in France," and thereby came in contact with a broader range of French life than did the soldier and camp worker.

Prior to this experience, however, Dr. Flewelling had spent much time in France and is thoroughly familiar with the higher educational and civic tendencies in French life. It was therefore a rare privilege to listen to a speaker having this deeper insight into the character of the French nation.

The speaker cited instances to show that with regard to many things we have something to learn from the French. The French are so very slow, he said, "Yes, and we are so very fast, but the advantage may not be altogether in our favor."

Misunderstand Morality
"Another criticism seems to be a misunderstanding of the morality of French women. There are no decent women," has been a frequent assertion. Suppose a French army should come to America and they should see only the type of women who flock

about an army camp, and they should have no chance to see any American life except around a camp, and then go home and say "No decent women. Now, that is exactly what has happened in France."

"The French home is not easy to get into. A Frenchman is a bit careful whom he introduces into his home. The Frenchman would be shocked at the freedom we give in America. Young girls are always chaperoned."

"We Americans are often quite hypocritical. We lay an awful lot of stress on the appearance of things as a criterion of action. We are awfully afraid of what people are going to say. It is common to refuse to speak of some things and then imagine they are not there! Here's the point: I believe you cannot live with the French people long and see how they have suffered and see the spirit of universal courtesy, without realizing their nobility and grandeur."

"There are no young men in France today; the only men left are the old men. You see women hitched up with the ox and the horse and the dog doing the work in the fields. Yes, it is the womanhood that has saved France in this hour. When we think how they have suffered while we were getting ready to go to war, when we think that we have our young men tonight—great hosts of them—because the French people stood in the gap till we were ready, we cannot fail to see in these people a wonderful virility and the noblest traits of human character."

Dr. Flewelling said he did not wish to be considered an alarmist in calling attention to the gravity of the present world situation.

"Very likely not many years hence we will have this fight all over again, for Germany is not licked," he declared. "Germany stands ready to start this thing all over again. She is only waiting for the most opportune moment to begin it all over. In the face of this fact, and in the interest of the new day when men shall live by better things, is it not the part of true Americans to cherish all the ties that bind us both to France and to England? It is hard to realize their sacrifice. This sacrifice has gone into every home in the world. And the world can never be the same again."

Traces Thought Currents
In his opening remarks, Dr. Flewelling traced the evolution of certain great thought currents and streams of tendency in civilization, profoundly interesting to students of social philosophy.

"Beginning with the Crusades and the Renaissance we note a tendency away from institutionalism and monarchy in society toward individualism," he said. "All great movements in the modern period have been in the direction of individualism. Individualism is the very source of modern democracy, and we are today at the very climax of this individualism."

"Yet there is always a turning of the tide. Movements which of themselves are good become outgrown. Tendencies constructive in one stage of evolution become destructive in a succeeding stage under a different set

of conditions. The old institutionalism developed the arts and crafts and built great cathedrals, and then this institutionalism became a fetter and had to pass away. So of individualism. In its turn it is becoming a fetter."

"In education it appeared in Rousseau's 'Emile,' and it is the basis of the Montessori system. It has worked out in realism, as exemplified in Oscar Wilde. 'No one must be master; I am my master.' So in religion we find its counterpart in John Wesley's movement."

Individual Feeling

"Individual feeling is the standard and test of religion. In philosophy we have Nietzsche as a prominent exponent, in music there is Wagner. And in the present hour in politics we have the I. W. W.'s." Uttering a word of caution, the speaker exclaimed, "For heaven's sake, don't say I classed the Methodists and the I. W. W.'s together!" It is simply a world-wide movement which has gone into every department of life. It had its great show-down in the Prussian attempt to dominate the world.

"Now some of us have been looking over the barriers and catching a glimpse of a new world, a new day that may come."

Dr. Flewelling's thoughtful address left a profound impression upon his hearers and a rising vote of thanks was extended to him at the close of the meeting.

The Book Review Club is growing in numbers and in interest, the membership being now nearly eighty. C. S. Crookshank, as president, announced that the next meeting would be held on the second Tuesday of December, at which Mrs. A. J. Crookshank will present a review of the much discussed autobiography, "The Education of Henry Adams."

STEPS TO CREATE AN
EXCHANGE TAKEN

(Continued from Page Nine)

plans for the installation of exchanges in the centers where it is deemed they should be maintained.

County-wide System.

From investigations made by the directors they believe that they can establish a county-wide system that would give free connections with all exchanges at an exchange rental no greater than is charged now, with the service limited to connections within the single exchanges, and possibly at a much cheaper rate. Some go so far as to say that the county-wide service can be given at half the exchange rates of today.

The initial cost of the system is estimated at \$100 per phone. With 10,000 estimated as the possible number of subscribers, the project becomes a million dollar enterprise. Tentative arrangements have been made with a telephone engineer and he will advise with the directors in the preliminary stages and when it is definitely determined that organization can be completed without possibility of legal complications, he will become identified with the movement and continue in the service of the association until the system is built, and possibly become manager later.

CARD OF THANKS

We wish to express to our many friends and the Masonic Lodge our sincere gratitude and thanks for their kindly assistance and sincere sympathy given us during our late bereavement in the loss of our beloved wife, mother and daughter. We also desire to express our appreciation of and thanks for the beautiful floral offerings.

BUENA PARK NEWS

BUENA PARK, Nov. 14.—Among the Buena Park club women attending the federation meeting held at Ontario on Wednesday of this week were Mrs. Blatz, Mrs. Meyer, Mrs. Simpson, Mrs. Bishop, Mrs. Wright and Mrs. Macklin. They report a very helpful and enjoyable meeting and were proud to find that a wonderful work is being done by the women in organizations of this kind.

At the Parent-Teachers' meeting on Tuesday evening the local members were favored by an address from Mr. Cranston, superintendent of Santa Ana schools, on the subject of "Americanization." A movement along that line is being considered, as there are many foreigners in this territory.

J. D. Jaynes and daughter Hester attended D. W. Griffith's production "Broken Blossoms," at Fullerton Wednesday evening.

The Woman's Club were entertained at the home of Mrs. James Watson yesterday afternoon.

Miss Wanita Simpson attended the Monday evening performance of Harry Lauder in Los Angeles.

Frank Duce has very recently returned from Siberia, where he has been with the U. S. troops for the past eighteen months. He is very glad to be home before the oncoming winter, as he has been located in the coldest place this side of the north pole, he believes.

H. L. McCumber has returned from Humboldt county, where he had been looking at acreage in company with three other men with capital amounting to over a half million dollars.

A. S. Faegen is in Cochella valley on a flying business trip. While there he will visit the Merton Cautions, formerly of this vicinity.

The Ladies' Aid Society of the Congregational church will give a chicken pie dinner at the school hall Saturday evening.

Mrs. C. E. Ritter and children spent

Middle Aged Women

Women should take warning from such symptoms as heat flashes, shortness of breath, excessive nervousness, irritability, and the blues—which indicate the approach of the inevitable "Change" that comes to all women nearing middle age. We have published volumes of proof that Lydia E. Pinkham's Vegetable Compound is the greatest aid women can have during this trying period.

Read About These Two Women:
Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run-down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GORDON, 927 Napoleon St., Fremont, Ohio.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK HENSON, 1316 South Orchard Street, Urbana, Ill.

HOT CAKES

WHY NOT HAVE THEM FOR YOUR BREAKFAST?

We have a demonstrator now in each of the Santa Ana Stores. The west end store is demonstrating Armour's products. Try their hot cakes. They are something new and delicious. The syrup used is No. 1.

Bowls Bros. has the demonstration at the East End store. You all know the hot cakes Grandmother makes, if not, come and try them.

We have a cane and maple syrup that tastes exactly like maple. It is called the Rockland Brand and sells for 74c a quart.

Remember we are headquarters for plum puddings and mince meats, both Heinz and Libby's. Don't make your Thanksgiving puddings until you see our prices on these excellent goods.

Suetene has advanced 30c a case this week. We hold ours down to the old price for Saturday and Monday.

Cocoa and Chocolate are hard to get but we have a good line of both now.

We are expecting a car of Princess Flour in a day or two. It was bought before the last raise in price and you can expect a good price on our car load.

Write an ad for the Gerrard Bros. Stores and win a nice prize. We offer more than \$15 in prizes for the best ads written by our customers. The first of these customers' ads will appear in the Register next Monday. Watch for it and WRITE YOUR AD RIGHT AWAY.

TURKEYS

FOR YOUR THANKSGIVING DINNER

You will certainly not be disappointed if one of our turkeys grace your table on this festive occasion. We have taken special care in making our selections and are offering only the choicest of fat, healthy, young birds.

PLACE YOUR ORDER NOW.

IN THE LAMPLIGHT GLOW

"In high winds creaks the leafless tree and nods the fading fern; the knolls are dun as snowclouds be, and cold the sun doth burn," for November has come.

The days gradually grow shorter and shorter and the hours of darkness lengthen. Long winter evenings lie before you, Madam Home-maker, for which you must make provision concerning your family's comfort. And in making such provision we suggest the use of one or more artistic lamps, which will give great satisfaction in service as well as adding to the attractiveness of your home. Standing on desk, table, dresser or floor, and shedding a soft, rosy glow around the room, such a lamp instantly gives that cozy, homey touch, which is so desirable.

Placed in the living room it becomes the center of the evening's activities as the family gather about it, reading, sewing and discussing the day's experiences. In choosing one of these all-important pieces of home equipment, you will find the present day stocks include a delightful variety of both materials and designs.

Displayed on our floors is an artistic array of beautiful floor and table lamps in a wealth of designs and at many prices.

A large shipment of lovely silk and chenille shades in the soft, mellow colorings and newest shapes has recently arrived.

The beauty of these attractive lamps will add the finishing touch to your living-room, dining-room or library.

POLY STUDENTS GET REPORT ON CONVENTION

Lynn Crawford Describes Student Body Presidents' Stockton Meeting

The Student Body Presidents' convention at Stockton was briefly described by Lynn Crawford, who was Santa Ana's representative, at yesterday's Poly High School assembly. Mr. Crawford was asked to take Hillard Tyrell's place.

Exciting details of the journey caused some enjoyment. The speaker said that he was to catch the six o'clock train in the morning, so he set his alarm clock for 4:30. For some reason it failed to ring and Crawford did not arise until 5:40. He had just twenty minutes in which to catch the train and fourteen blocks' distance between his home and the depot. He caught the train, however, and on the line to Los Angeles he picked up the Orange president. Arriving in the city, the two learned that there would be no train to Stockton until that night. They finally took a stage and arrived at their destination.

They were royally received, but found that there had been a mistake, and that they were a day ahead. Crawford, however, made good use of this day and visited the Stockton high school.

"Above all things, I noticed the fine school spirit," he said. "The student body has absolute control there. A court is held when a member deserves punishment, and a fine of time is inflicted by the court. Even the power to expel or suspend is theirs." "This," says Crawford, "is what we should have here. With this plan, the students co-operate in the interests of the school with more vim."

A reception assembly was held and a speech very much appreciated by the local representative was that of the Stockton high principal. "Let every man be your teacher," said he. "That we should get together and discuss self-control," was emphasized. "Our government is weaker and less attention is paid to it than almost any other school of the state," said Mr. Crawford.

"A plan suggesting a secretary of assemblies was given. The duty of this officer would be to obtain good speakers and programs for the meetings. This would relieve the president of a great many of his worries."

"Election of officers for one year and a vote of assurance in the middle of the year was another suggestion brought forward."

"In order to help students who are down in studies, a scholarship committee is a good proposition."

"Campaign speeches to introduce candidates for election seems to be a good project, as the student very often does not become acquainted with the nominees, and as a result, does not know for whom he wants to vote."

"A banquet was given for the convention and good speakers were heard."

"Among other good suggestions, a visiting day was spoken of. On this day the officers would be privileged to visit other schools and their assemblies."

Crawford says that on his return he stopped at Sacramento and had a peep at the senate chamber through the keyhole.

The prize for the best poster used during Better English Week was given Dorothy Caruthers, a senior.

Songs, led by C. A. Gustlin, with the aid of the song books distributed a few weeks ago, were sung at the beginning of the assembly.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.—Adv.

ORANGE PERSONALS AND NEWS NOTES

ORANGE, Cal., Nov. 14.—Miss Josephine Lewis was the honoree at a linen shower given by Mrs. John A. Cain and Mrs. Ed Pertmann at the latter's home on North Lemon street.

After enjoying some jolly games, the guests went to the home of Mrs. Cain, across the street, where light refreshments consisting of brick ice cream and cake were served. A delicious pink and white color scheme was carried out in the table decorations. A large white wedding bell was suspended above the table and a tiny bride and groom stood upon the immense white cake.

Many beautiful presents of linen were received by Miss Lewis from the following guests: Misses Marguerite Rydberg, Jewel Ralph, Nora Eastham, Luella Robinson, Lola Robinson, Mildred Erwin, Vera Lewis, Mrs. Lewis, mother of the bride-elect, and the hostesses, Mesdames Cain and Bertmann.

A most delightful shower was given by the Super Six Club at the home of Miss Mildred Erwin on North Main street in honor of Miss Josephine Lewis, who is soon to become the bride of William Klingler, who is now in St. Louis, Mo., awaiting her arrival in that city. Miss Lewis is to start on her journey east in a few days.

A cluster of large chrysanthemums graced the center of the charmingly appointed table and miniature brides marked each place.

Miss Lewis was presented with a piece of embroidery upon which every member of the club has worked. A set of silver salad forks was also presented to the delighted honoree. Only the members of the club were present.

WINTERSBURG AND SMELTZER NOTES

WINTERSBURG AND SMELTZER, Nov. 14.—Mr. and Mrs. A. H. Morgan atforded a delightful evening to a number of the boys and girls of the Methodist Sunday school Tuesday evening, when they entertained with a party at their home. The "Packards," Mr. Moore's class of boys, which won high honors in the recently completed "automobile race" to New York, in which seven classes contested, were the honored guests of the evening; the "Stutz" class also being invited. All sorts of jolly games, interspersed with music formed a pleasant mode of entertainment and refreshments of ice cream and cake were a greatly enjoyed feature of the evening. The guests at the party included Albert Maddux, Chas. Mallette, Tom Radford, Roy Morgan, Jacob Walton and Roscoe Bradbury, Edna Phillips, Lucille Radford, Esther Radford, Allie Bradbury and Viola Mallette.

Miss Viola Shonley was a week-end guest at the J. R. Morgan home and her brother, Aloys Shonley, was a guest Sunday. Both returned to Gardena Sunday evening.

Late word received of Roy Ross is to the effect that his health is greatly improved. He is now able to be up and about.

Mr. and Mrs. J. L. Farrar drove down Saturday evening from Los Angeles, bringing with them the former's uncle, J. A. Farrar, and cousin, Miss Hazel Farrar, who stopped at the B. A. Farrar home. Mr. and Mrs. J. L. Farrar going on to Huntington Beach, where they were over-night guests of Mr. and Mrs. Earl Farrar. On Sunday Mr. and Mrs. B. A. Farrar entertained at a family reunion, sixteen being present. Those for whom comfort were laid at the daintily appointed table at the noon hour, beside the host and hostess, Mr. and Mrs. B. A. Farrar, were two sons of B. A. Farrar, J. L. Farrar and wife of Los Angeles and Earl Farrar and wife of Huntington Beach, the latter's two children, Maxine and Keith, two nephews, S. T. Pine, wife and son, Herbert, and Gay Bennett, wife and daughter, Laura Frances, all of Los Angeles. The guests departed for their home Sunday evening, with the exception of J. A. Farrar and Miss Hazel Farrar, who remained until Tuesday evening, when they departed for Sacramento.

J. A. Farrar will locate on his Sacramento ranch and Miss Hazel after a short stay there will return to her home in Nebraska, from which she and her grandfather recently came. Miss Farrar is a teacher and is resting this term. She will stop here for a short visit when she starts east.

This community this week is losing one of the old-time settlers in the removal of A. J. Young and wife to Huntington Beach, where they will live a retired life. Young has rented his peetland ranch to his son, Walter Young, who, with his family, is living at Huntington Beach, and will take possession immediately. Mr. and Mrs. Young have lived on the ranch over twenty-five years. The family expects to move on Saturday.

Three new members were initiated into the Sunrise Club of Royal Neighbors Wednesday afternoon, the initiation being held at Orange and the Orange team doing the work. Those joining were Mrs. E. Ray Moore, Mrs. Horace Moore and Miss Lydia Moore. Others enjoying the good time accorded by the Orange society were Mrs. A. Stefanski, Mrs. Nathaniel Walton and Mrs. A. H. Moore.

Painters and paper hangers have taken over the Moore house, formerly the J. W. Culver home, and are freshening up the interior.

Clayton Almind is visiting with friends at San Bernardino. W. W. Blaylock, D. D. Gardner, Mrs. S. A. Stockton and Everette Stockton of this place attended the funeral of Geo. Miller, a cousin of Mr. Blaylock and Mrs. Stockton, at Whittier, Tuesday. Mrs. Stockton and Everette Stockton made the trip with Mrs. Hugo Lamb of Talbert.

R. L. Draper finished harvesting his monster beet crop Tuesday afternoon. About 7700 tons was the total from 50 acres. The Smeltzer beet dump, which had remained open for Draper's crop and was the last open on this line, closed down that evening.

Mrs. J. R. Morgan has almost completed taking the minor census for the Springdale school district. She began the canvass November 1.

Mr. and Mrs. B. T. Gothard were among the guests who Monday evening attended a dinner at Whittier given in honor of Mrs. Ed Rawlings of that place. Seventeen formed the

The Gift Electrical for the Mrs. Housewife

What woman is there who wouldn't want something electrical for a gift at Christmas time? They all appreciate such presents.

Mrs. Housewife knows that science has made electrical appliances practical, enduring and beautiful to look upon.

There's the toaster, the grill, the fan, the washing machine, the vacuum cleaner and a host of other things here for her—and all bear our stamp of quality.

J. G. Robertson

Agent for General Electric Motors.

303 N. Main

pleasant party. Mr. and Mrs. Gothard remained over night at the Rawlings home and Tuesday evening motored over to Long Beach to fill a dinner engagement at the home of Mr. and Mrs. John Kemp.

Mr. and Mrs. Geo. Gothard and family had as guests at their home the past week, their nephew and niece, Mr. and Mrs. James Blake, of Los Angeles, and their two children, who remained over until Wednesday of this week. Several picnic excursions were enjoyed during their stay. On Sunday the day was spent at Orange County Park, where a barbecued dinner was done full justice by the party, which was composed of the guests, Mr. and Mrs. Blake and children, Mr.

and Mrs. Geo. Gothard, Joe Gothard, Geo. Gothard, Jr., Edwin Gothard, Billie Sparks and the Misses Lizzie, Mary, Ethel and Agnes Gothard. Armistice Day was celebrated at Laguna Beach.

Communion services will follow the usual 11 o'clock service at the local Methodist church Sunday morning and will be conducted by the pastor, Rev. J. Scott Willmarth. Evening service will also be held by him at the usual hour next Sunday.

Wednesday evening of next week the first quarterly conference of the conference year, will be held at the local church, and Rev. Rasmus, district superintendent, will be present to preside.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parment (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

TALBERT PASTOR FAMILY GIVEN SURPRISE

Reception Is Held By the Members of 3 Churches In District

TALBERT, Nov. 14.—Rev. J. J. Woodson and family were honored guests last Friday evening at a reception held at the Talbert church. The affair was a complete surprise for the Woodson family, and was tendered by the three churches of Rev. Woodson's charge on the Greenville circuit, Greenville, Bolsa and the local church in recognition of the mutual satisfaction felt over their return for the second year's work.

A meeting of the board of stewards had been called by Rev. Woodson for that evening, so he unconsciously worked into the hands of the committee arranging the affair in many ways. He assisted in installing the new lights and even drove to Santa Ana to bring out a part of the crowd, totally unconscious of the reason for their coming.

The majority of the crowd had gathered before the Woodsons knew anyone was at the church, so when a substantial number of members of his circuit were found to be present it then dawned on them that more than a local board meeting was due for the evening.

A pleasing program had been prepared and this and the social hour following was under the supervision of Mrs. R. H. Obarr, who presided at the piano at the commencement of the program, when community singing was enjoyed. This was followed by speeches of welcome by A. A. Ball and Rev. B. L. Glazener and by R. H. Obarr, all of the Bolsa charge, the latter giving a number of words of ideas on "Things We Can Do to Help Our Pastor." Greenville was represented by Mr. Shiffer who most heartily expressed the welcome tendered from the congregation of their church weaving in many laughs in his usual pleasing manner.

Miss Anita Clark spoke in the interest of the Talbert people taking "Co-operation" as her subject and most ably expressing many worth while ideas along this line and heartily joining with the other speakers in a welcome for the Woodsons.

The remainder of the program consisted of music and recitations and was as follows: Recitation, Miss Mary Muller; song, Lorraine Obarr; solo, "The Heart of My Opat," Mrs. R. H. Obarr; song, A. P. Vincent; recitation, Wilfred Obarr; duet, "Meet Me at Twilight," Mrs. S. E. Talbert and Mrs. R. H. Obarr; recitation, Wilfred Obarr; song, "You're as Welcome as the Flowers in May," A. P. Vincent; two instrumental pieces, "Meditation" and "God Will Take Care of You," with variations, were pleasingly rendered by Miss Mabel Lee Woodson, by request.

Several parlor games were played during the time the stewards were absent while holding their meeting. One, a contest to see who could hand in the best written answer to the question, "What Are You Thankful For," was won by Miss Mabel Lee Woodson, the prize accorded being a miscellaneous assortment consisting of an Irish and sweet potato, an apple and sandwich and some nuts, presented in a shoe box elaborately trimmed in crepe paper. The contents caused a great deal of hilarity when opened.

Surprises in store for the pastor and family then started in again thick and fast with the opening of the doors into the league room, where transformations unsuspected by them had been taking place.

A long table occupied the center of the room and presented an idea of the Thanksgiving season so near at hand. A large yellow pumpkin formed the centerpiece, from which radiated streamers of yellow crepe paper. About the pumpkin was arranged a display of fall fruits, nuts and vegetables, while apples zigzagged the length of the table.

Rev. Obarr invited Rev. Woodson and family to precede the others into the supper room, and then in a few words presented them with what had been unnoticed by them, the usual array of good things that result from a pound party, which was one of the features of the reception not until then disclosed to the Woodsons. Rev. Woodson responded upon recovering from his surprise, thanking all for their thoughtfulness and for the pleasant evening tendered them.

Light refreshments, consisting of sandwiches, coffee, apples and nuts, followed.

Forty-five were present, which was a splendid crowd, considering the inclemency of the weather.

"ONLY ONE THING BREAKS MY COLD!"

"That's Dr. King's New Discovery for fifty years a cold-breaker"

NOTHING but sustained quality and unfailing effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn colds and onrushing new ones, gripe, throat-tearing coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today. Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough. 60c. and \$1.20. All druggists.

Stubborn Bowels Tamed
Positive in action, yet natural, comfortable, pleasant. Dr. King's New Life Pills are a boon to bowels that need assistance. They eliminate fermenting waste and put the system in normal shape. All druggists—25c. a bottle.

GARDEN GROVE W. C. T. U. MEETS WEDNESDAY

Three Pastors Will Speak and Good Program Is Arranged

GARDEN GROVE, Nov. 14.—The W. C. T. U. will hold its November meeting Wednesday evening at 7:30 at the Baptist church. Miss Mary Miller will be leader. The topic, "What Shall I Render," will be discussed by the three pastors, sub topics being: "What Shall I Render to My God," by Rev. Harkness, "What Shall I Render to My Country" by Rev. F. A. Ames and "What Shall I Render to My Community" by Rev. G. A. Francis. There will be special music and readings. A profitable and interesting evening is offered those attending. Everybody is cordially invited to be present.

Complimentary to her son, Arthur, who returned last Thursday from fourteen months' service in Siberia, Mrs. Della Anderson entertained six service men at 7 o'clock dinner Wednesday evening. Following a dinner vastly different from army fare, the evening was spent exchanging army experiences and viewing the many souvenirs brought from Siberia. Those present were Quinn Nichols, James Magill, Virgil Brown, Ray and David Carmichael, Francis Westgate, Arthur and Homer Anderson.

Mr. and Mrs. G. W. Rolfe enjoyed a visit Wednesday from the latter's nephew and wife, Mr. and Mrs. Homer Wickard, of Murietta.

Arthur Anderson enjoyed a visit to the Newhope school Thursday afternoon, being invited to give a talk on Russia. A baseball game was played for his pleasure.

Mr. and Mrs. Albert Carmichael, who have spent the summer at the home of Rev. and Mrs. N. Carmichael, left Wednesday for their home in Iowa. The ladies are sisters. They were accompanied home by Mrs. Blosser, mother of Mrs. Carmichael.

Sunday guests at the home of Mr. and Mrs. G. W. Rolfe were the latter's brother and wife, Mr. and Mrs. Charles Stevens, also Mr. and Mrs. Hony Nelson of Pasadena. Mrs. Nelson is a daughter of Mr. and Mrs. Rolfe.

Rev. and Mrs. B. Silkwood were Thursday dinner guests at the home of Mr. and Mrs. A. C. Stanley.

Mr. and Mrs. S. H. Cornell and the latter's sister, Mrs. Steward, arrived Friday from Kirkville and are located in their residence north of the Ham-montree shop.

TALBERT NOTES

TALBERT, Nov. 14.—Eugene Perry of the U. S. S. New Mexico was here Sunday visiting at the home of his mother, Mrs. L. T. Wells, and was accompanied by another of the New Mexico men, H. B. Smith, who serves in the electrical department. Smith is from Richmond, Va., having lived in the city all his life and this was his first experience on the ranch in which he was greatly interested, and in return the family was interested in hearing of his trip from the Atlantic to the Pacific coast. The young men returned to San Pedro Sunday evening.

Truckloads of bean straw continues going from here daily to Orange where it is being distributed by the Orange Fertilizer company for fertilizer in the groves and on ranches. About 8000 tons of straw has been purchased in Orange county by this company.

Frank Page has commenced work on a ten-inch well for R. L. Collins.

L. T. Wells finished his bean threshing last week. His crop for the forty-five acres totaled 503 sacks, 167 of which were raised on five acres of land on the home ranch, making an average of 32 2-5 sacks to the acre. This special plot of ground is noted for the bumper crops raised on it. Last year two enormous crops, one of corn and one of barley, were raised on it.

Mrs. J. H. Cox has been ill with a severe cold the past week.

Mrs. L. T. Wells is suffering from a felon on the third finger of her right hand. Last week she sprained her right wrist and has not yet recovered from the effects of that when the new ailment appeared.

Mrs. S. E. Talbert has received a card from her sister, Mrs. Sam Rogers, telling of the safe arrival of the family at Holtville after their visit with relatives here. The party made the trip by machine.

Mr. and Mrs. Henry Talbert were guests Sunday at the home of the former's brother, S. E. Talbert. Mr. and Mrs. Talbert are now residing at Huntington Beach and Talbert is assisting in building the jetty at the mouth of the river.

Mrs. Hugo Lamb drove Tuesday to Whittier with relatives to attend the funeral of a cousin, Geo. Miller, who was electrocuted Saturday. Miller was an electric lineman.

One reason for high prices is that some who made exorbitant profits in the war period want to continue to live in the luxury to which they were accustomed while others were fighting.—St. Louis Post-Dispatch.

FOR TWO YEARS SHE WORE NO SHOES

Lived in Bed and Pillowed Chair Until She Took Tanlac

"I had to be cared for just like a baby before I began using Tanlac and now I can't say enough to praise it for all it has done for me," said Mrs. Alice Murphy, living at 1501 Pennsylvania Ave., Los Angeles, Cal.

When the Tanlac representative called at Mrs. Murphy's home he found her busy about her housework and she remarked that she hadn't been able to attend to her household duties for two years until she started taking Tanlac. "Two years ago I had a very severe attack of muscular rheumatism," she continued, "and no one could tell the pain and torture that I have suffered since that time. My hands have been swollen until I could hardly work my fingers and I haven't been able to put on a pair of shoes because my feet were swollen so. All those two years I had sharp, severe pains through my back that would make me scream at times. My nerves were so bad that I had to make the children stay out of the room where I was and I couldn't stand the least noise. Sometimes I would have dizzy spells and everything seemed to spin around and then I would have sharp pains and a chilly feeling afterwards. I was so helpless that I lived propped up with pillows in a chair or in bed all the time and had to be helped from one place to the other and to sleep or get around the house was simply out of the question.

"I tried every medicine and treatment that we could hear of but it was money thrown away and I got so blue that I really didn't care to live in the condition I was in. One night my husband read a piece in the paper where he said a case like mine had been helped by Tanlac and went right out and got me a bottle. By the time I had taken the medicine four or five days I saw that it was helping me and I kept right on taking it and now after taking several bottles I am so much better that I can't praise Tanlac enough. My nerves are so much better and I sleep like a child every night and feel that in a little while Tanlac will get me back to where I was before I was sick. I am doing my housework again, in my home of five rooms and three children, and it is the first time in two years that I have been able to get around at all and wear my shoes. I am doing everybody how much good Tanlac did me and that it is a fine medicine."

Tanlac is sold in Santa Ana by Rowley Drug Co., in Fullerton by G. W. Finch, in La Habra by R. H. Hilbert, in Huntington Beach by Rigdon's Pharmacy, in Orange by Dittmer's Mission Pharmacy, in Placentia by A. J. Robinson, in Tustin by Tustin Drug Co., in Brea by Brea Pharmacy, in Buena Park by Regal Drug Co., in Garden Grove by O. H. Anderson, in Laguna Beach by Laguna Beach Pharmacy and in Seal Beach by Wm. S. Templeton.—Adv.

A ton of poisoned grain is being distributed under the direction of County Horticultural Commissioner Ruthertford of Modesto in the squirrel eradication campaign.

The things we offer in the basement cover everything you can think of in the toy line and a great variety of other things that are very desirable at Christmas or any other time. Kitchen ware, cut glass, pottery, baskets, dishes, aluminum ware, small tools, mechanical toys and an endless assortment of things that are wanted every day in the home. There are dozens of things in our basement that will cost a trifling sum and remove many of the housewife's daily troubles. You'll pay less in the basement.

LEGAL NOTICES

NOTICE INVITING BIDS
Notice is hereby given, that the Board of Trustees of the City of Santa Ana, California, will receive sealed bids for the sale of the City Garage collected by the City and delivered at City limits, for the term of one year.
For information on same, call at Sanitary Inspector's office, City Hall Building.
Bids will be received at the office of the City Clerk up to the hour of five o'clock p. m. on the 24th day of November, 1919, marked "Bid on City Garage."
All bids must be accompanied by a certified check for 5 per cent of the bid, payable to the City of Santa Ana, California.
The Board of Trustees reserves the right to reject any or all bids.
E. L. VEGELY, City Clerk.

PAPER

We buy paper and magazines. 75c for 100 pounds delivered and 60c we will call. Must be in bundles. 417-19 W. 5th St. Phone 1246.

Huntington Beach Stage

has changed its depot to Central Auto Park
3rd and Bush Sts.

I still have Casabas on hand; also ice, but wish to call attention to all varieties of wood for stove or fireplace. Coal may be prohibitive, put in wood and be comfortable.

LEGAL NOTICES

NOTICE FOR BIDS
Notice is hereby given, that sealed bids will be received by the Clerk of the Board of Supervisors of Orange County, at his office until 10 o'clock A. M. of December 2, 1919, for the construction of a cowshed at the County Farm, for the County of Orange. Plans and specifications for this work are on file in the office of said Board, to which bidders are hereby referred. All bidders will be afforded opportunity to examine said plans, specifications and working details and said Board will award the contract to the lowest responsible bidder, and the person, firm or corporation to whom the contract shall be awarded must perform the work in accordance with said plans, specifications and working details unless the same be modified by the Board of Supervisors in the manner provided by law. The successful bidder will be required to enter into a contract with the County of Orange for the performance of said work in accordance with said plans, specifications and working details, and to complete the same within sixty days thereafter. Bond for the faithful performance of said contract, equal to twenty-five percent of the total amount thereof, together with a bond for the security of material, tools and laborers, either to fifty per cent of the amount thereof, will be required of the contractor. Right is reserved to reject any and all bids.
(SEAL)
J. M. BACKS,
County Clerk and ex-officio Clerk of the Board of Supervisors of Orange County, California.

No. 3765
NOTICE OF SALE OF REAL ESTATE BY ADMINISTRATOR AT PRIVATE SALE.

In the Superior Court of the State of California in and for the County of Los Angeles.
In the Matter of the Estate of Francis M. Sinsbaugh, Deceased.
Notice is hereby given that the undersigned administrator of the estate of Francis M. Sinsbaugh, deceased, will sell at private sale to the highest bidder upon the terms and conditions hereinafter set forth and subject to confirmation by said Superior Court of the State of California, in and for the County of Los Angeles, on or after the 15th day of November, 1919, all the right, title and interest of the estate of said Francis M. Sinsbaugh, deceased, and all the right, title and interest that said estate has by operation of law, or otherwise acquired, other than in addition to the deceased at the time of his death, of, in, or to, that certain piece or parcel of land described as follows, to-wit:

SPORTS PROGRAM RUSH PLANS FOR
AT OPENING OF COAST-CHURCH
NEW RAILROAD CAMPAIGNAthletes of Three States Are
Invited to Enter Events
at San Diego

SAN DIEGO, Nov. 14.—Athletes of Southern California, the Army and Navy and of Arizona and New Mexico are being invited to participate in the Stadium Day program which will be a part of the Trans-continental Railway Week Celebration here December 1 to 6, inclusive, to mark the opening of the San Diego & Arizona Railway.

Duncan MacKinnon, in charge of the Stadium Day arrangements, is preparing for a solid day of outdoor sports, December 3, and entries for the big meet are coming in rapidly. The program will consist of racing, jumping, shot putting, boxing, wrestling, hammer throwing, pole vaulting, hurdling and in fact every popular form of athletic entertainment. A baseball game and football game will be among the big events. Among the local organizations competing will be the Army and Navy, the High School, the Playgrounds Association, the Rowing Club and the Y. M. C. A.

The municipal stadium, erected at a cost of \$200,000, is regarded as one of the finest places in the country for exercises of this character.

Part of the Trans-continental week celebration will be given over to water sports, but that feature of the fiesta has been arranged for Harbor Day, December 2.

Arrangements were completed today to hold a carnival on the downtown streets of the city each night during the celebration. There will be plenty of good, clean fun, but all "rough stuff" will be eliminated. Streets will be roped off for dancing and a score of bands will furnish music throughout the week. Applications for reservations received from all parts of Southern California, Arizona and New Mexico indicate that the crowd will be the largest the city has ever been called upon to entertain.

Episcopalians Are Completing
Parish Organization For
December Drive

SAN FRANCISCO, Nov. 14.—Episcopalians of the Eighth Province of the church, embracing the eight western and Pacific coast states, are rapidly completing parish organization in preparation for the nation-wide campaign of the church during the first week of December.

Word has just been received at western publicity headquarters in this city of the naming of the commission of fifteen to have charge of the campaign. The commission is headed by Bishop Charles P. Anderson, of Chicago, while the executive organization work will be directed by Henry P. Davison, known throughout the world as the head of the American Red Cross during the war, and one of the important financial fixtures of America.

Others on the commission are: Bishop John G. Murray, of Maryland; Bishop Arthur S. Lloyd, Bishop Frederick F. Reese, of Georgia; Bishop Charles Sumner Burch, of New York; Rev. Dr. Ernest M. Stires, of New York; Rev. Dr. Edward S. Rousmaire, of Massachusetts; Rev. Dr. Jas. E. Freeman, of Minnesota; Rev. Dr. William H. Milton, of East Carolina; Rev. Dr. Frank H. Nelson, of Southern Ohio; Arthur Woods, of New York; George Wharton Pepper, of Philadelphia; Burton Mansfield, of New Haven, Conn., and Oliver J. Sands, of Richmond, Va.

One of the important ends to be secured in the forthcoming campaign will be means by which to increase the salaries of the Episcopal clergy so that the clergyman, to quote the resolution of the recent triennial Episcopal general convention at Detroit, can be enabled "to do his work as a leader of the church with efficiency and self-respect."

ODD NEWS NOTES

PASADENA, Cal.—Terrific blow at H. C. L. The Belgian economic ministry has notified the Pasadena board of trade that diamond prices are going to drop.

NEW YORK.—Right to hang out the family wash is inalienable—even if it defaces an apartment court, Magistrate Sweetzer ruled when Sam Ginsburg complained the superintendent three times removed the clothes line.

EAST ST. LOUIS.—A goat saw his reflection in a mirror in a showcase here and decided to "get the other fellow." Damages, to the building, \$300.

MILWAUKEE.—Frank Dankovitch was the first man charged with drunkenness since war prohibition went into effect. "I smoked a five-cent cigar and it made me dizzy," he pleaded.

SAN FRANCISCO.—Fifty-six years of married life are enough, according to Mrs. Elizabeth Johnson, who is suing Amos Parker Johnson, Belmont capitalist for divorce. They were married in 1863.

SAN FRANCISCO.—Hotel keepers petitioned Internal Revenue Collector Wardell to sanction frozen or camouflaged drinks. Liquor is liquor, he ruled.

CHICAGO.—Alex Antone, crusader against the high cost of living, was selling shoes for \$1. The police stopped this public benefactor. He stole 300 pairs, he confessed.

CHICAGO.—Demands for more than 300 per cent increase in wages were presented to District Attorney Clyne by the federal grand jury. The jurymen want \$10 instead of \$3.

NEW YORK.—Sixty chauffeurs joined a secret society. They were given passwords to get by with the judges and traffic cops. The "high signs" didn't work. They found the lodge was a fake.

SAN FRANCISCO.—"Hello, wife," said Manuel Hall. "Wife?" she said. "We have been divorced for weeks," Hall gasped. Now he is asking the court to set aside the divorce and make her get another to his face.

Director G. H. Hecke of the state department of agriculture says California apple growers need have no fear that any other states can produce apples equal in quality to those grown in California.

Home-made Candles at home-made prices. Nougats, fudges, creams, brittles. Lloyds Kandy Kitchen, 211 West Fourth St.

The House of Kuppenheimer

You do not need to be a fabric expert in order to buy good clothing here. Kuppenheimer clothes are made with the same old integrity that has set them apart in a class by themselves in years past.

In these days of uncertain clothes values it always pays to buy something you KNOW is good.

Kuppenheimer clothes never deceive a customer. That's why we like to sell them and that's why good substantial people like to buy them.

We are now presenting the season's best models in either single or double breasted, for men of mature age, for young men and for younger men.

You'll find our Suits and Overcoats all priced as low as dependable garments can be sold for.

DR. WHITTEN TALKS
ON FIGHTING FROST

CHICO, Cal., Nov. 14.—The third day of the State Farmers and Fruit Growers' convention was devoted principally to discussions and talks on irrigation, pruning and spraying as factors in frost control.

Dr. J. C. Whitten, professor of pomology at the University of California, was the principal speaker at the morning session of the conference. "Heretofore we have thought of protecting plants only by direct methods, such as covering or sheltering the plants or by orchard heating, to raise the temperature of the surrounding atmosphere."

"But there are other ways of protecting plants from cold. If the plant is in proper condition from the effects of spraying, pruning, and has been properly irrigated, it will have much more resistance to both heat and cold," said Dr. Whitten.

Tonight the delegates will gather at the Hotel Oaks for a banquet. Col. Harris Weinstock, state market director, and Charles Bentley, of San Francisco will be the speakers at the banquet.

The entire day tomorrow will be devoted to a trip of inspection to the Durham State Land Settlement at Durham, with a short session in the Durham auditorium in the morning.

El Dorado county's 1919 apple harvest has been the most successful one ever seen.

Piles Cured in 8 to 14 Days. Universal ointment money is made. Ointment falls to cure itching, blind, bleeding or protruding piles. Stops Irritation and Soothes and Heals. You can get restful sleep after the first application. Price 60c.

PAYS FOR CAKES HE
TOOK 24 YEARS AGO

MILWAUKEE, Wis., Nov. 14.—About twenty-four years ago Louis Michaels drove a wagon for a candy company. Among the wares he sold were cookies. One day a boy stole a handful of cookies from the wagon, but Michaels thought no more of the prank until he received a letter inclosing \$1. That the man had apparently become conscience stricken as a result of religious studies is indicated by the

inclosure of pamphlets on theology and a copy of his letter:

"Inclosed you will find a dollar bill in payment of theft committed twenty-four years ago for a handful of cookies. Jesus says no thief, liar, deadbeat or murderer of a person can get into the kingdom of Heaven unless he repents for his sins."

SUPERIOR INVESTMENT

Continental Oil
& Refining Company

A Producing, Developing and Dividend Paying Oil Enterprise of Superior Character. The rapid strides and successful results being realized by the Continental Oil & Refining Company aptly demonstrate the basic value of this security.

SHARES \$2.50 EACH.

We invite conservative investigation on the part of the exacting and discriminating investor. The shares of Continental Oil & Refining Company should reach a much higher price level with the continued and successful operations now under way.

PRODUCTION AND HOLDINGS ARE IN THE HEART OF THE FAMOUS OIL FIELDS

The Continental Oil & Refining Company owns substantial acreage or production interests in Butler County, Kansas, (Eldorado Field); Chatauqua County, Kansas; Clairborne Parish, (Near Homer, La.); Osage County, Okla., and in the Northwest Extension of Burkburnett Field of Texas. We have recently been advised that Continental Oil & Refining Company has practically completed negotiations for an additional property acquisition that will immediately add

SIXTY THOUSAND BARRELS OF OIL

monthly to its present substantial production. An aggressive drilling campaign is already under a course of vigorous prosecution and should prove productive of results at an early future date.

CASH DIVIDENDS OF TWENTY-FOUR PER CENT

are being paid to shareholders of outstanding stock at the rate of two per cent monthly. In view of the increasing earning power and production as being now under way of final and successful termination, we firmly believe that the shares of this well and favorably known enterprise will enjoy a healthy rise in price and an additional increase over the present attractive dividend rate.
